ABSTRACT

One of 10 documents developed for preschool programs for handicapped children, the project manual for the Preschool Program of the Putnam/Northern Westchester (NY) Board of Cooperative Educational Services provides program teachers with policies, procedures, and forms. Materials are divided into seven categories: administration and management, teacher responsibilities, services to children, services to parents, staff development, demonstration and dissemination, and evaluation/placement. Typical section contents are the following for the section on services to parents: a statement on parent goals, a parent needs assessment, a parent orientation procedures and packet, sample schedule of parent meetings, parent questionnaire on visit to classroom program, parent group meeting questionnaire, parent satisfaction questionnaire, parent volunteer system description, and parent volunteer system questionnaire. Appendixes include such information as proposed legislation and the text of the Family Court Act, a list of special education books available to preschool staff, and staff publications. (DB)

NOTE TO STAFF MEMBERS:

The purpose of this manual is to provide the preschool staff member a general understanding of the preschool program and its operational plan. The answers to concerns and questions which are generated throughout the school year are available by referring to this manual. Please look through it, and keep it in a handy place in your classroom.

Wishing you a most successful, productive, and enjoyable year with the children and their parents.

Amy

PART I - ADMINISTRATION & MANAGEMENT

To operate a successful service program, the program must first formulate the rationale for providing such services and specify the goals it hopes to accomplish. Delineation of responsibility including an organizational chart and job descriptions facilitates the flow of communication and distribution of the work load.

Personnel policies for this project are the same as for all other employees of Putnam/Northern Westchester BOCES.

- A. Program Rationale-Philosophy
- B. Program Objective

PRESCHOOL PROGRAM RATIONALE FOR SERVICES.

The Putnam/Northern Westchester BOCES Preschool Program bases its activities and curriculum on two premises. The first is that early childhood education is extremely important and worthwhile for handicapped youngsters in order to develop to their maximum potential. The second premise is that teaching the family to work with the child aids in the more rapid development of the child and the acceptance of the handicapped child into the family.

Program activities are based on validated information regarding approaches for working with handicapped children and their families.

The intervention model is built upon a model of intensive individualized learning activities held within a highly structured setting and enriched by the intermeshing of a parent program. The model is founded upon the belief that the child and his family must be worked with as a unit, and that the family, as well as the child, must be aware of their goals and responsibilities. For this reason, a transdisciplinary team observes and works with the child and the family simultaneously. The child's skills are assessed in a developmental framework. The team and family examine the relationship of the child's skills, the causes of the handicap, the role of the family members in working with the child, and any contributing emotional factors which may have been caused by or related to the handicap, in order to arrive at an Individualized Educational Plan for each child. This plan is based on all factors which might be related to the child's growth and development. It is followed daily through the process of a structured routine so that the child, if possible, has clear expectations and is aware of his goals, and so that parents can learn more about their child through observation and working with him and others in the classroom environment. Curriculum materials are drawn from a variety of early childhood materials, based on individual student needs. It is this program's belief that it is not the material per se, but the individualized approach which creates improvement in skills. For this reason, a daily schedule and individual goals are posted and followed. Individual small and large groups are planned to specifically match IEPs. Parents are used as volunteers to aid in the individualization and clinical team members function as consultants to teachers for improving individualization.

Parent groups are held on a regular basis for discussion of specific topics and IEP review meetings are held regularly. Parents are integrally involved in their child's program in order to gain knowledge about their child and the skills necessary to work with their child at home. An observation system and a parent volunteer system is emphasized as well as parent prescriptions for working with their child at home.

This total holistic approach to working with the child and his family allows the child to then participate in the school program most appropriate for his needs in the least restrictive environment upon reaching school age.

PRESCHOOL PROGRAM FOR CHILDREN WITH SPECIAL NEEDS

The Board of Cooperative Educational Services of Putnam/Northern Westchester Counties operates an Early Childhood Program for Children with Special Needs. The program is administered by the Special Education Department serving the component school districts in the Putnam/Northern Westchester area. Parents petition Family Court of the county in which they live to receive approval for the education of their child. Cost of tuition and transportation, if approved, is provided jointly by the State Education Department and the county. Funds are also provided from the Bureau of Education for the Handicapped in Washington D. C. The latter funds have been made available in order to develop a demonstration site where programming methods and curriculum are developed and disseminated.

The children who are served show delayed development in one or more of several areas. These include language, speech, movement, thinking skills, hearing, vision, and social adjustment problems. Youngsters are also served who exhibit more severe handicapping conditions. The program has several components: Search, Screening, Service, and Parent Involvement.

SEARCH

-Preschool children are not typically referred by districts as are school age children. Direct referrals are made by social agencies, medical institutions, public health nurses, physicians, nursery school teachers, parents and relatives, as well as school district personnel.

SCREENING
AND
DIAGNOSIS

-Parents who have any questions at all about their child's development, or would just like reassurance that their child is developing normally, may have their child screened by calling the Preschool Program secretary and setting up an appointment. Arrangements for screening may also be made through any agency. When the parent and child come for the screening, a parent interview and basic testing to indicate the strengths and weaknesses of the child are administered by the Preschool Program staff. The results of this screening are presented to the Preschool Program screening committee and a decision is made at that time as to what would be the most appropriate help for the parent and child. This information is then communicated to the parent by one of the staff. A parent may be told that his child passes the screening, that further diagnostic information is needed, that another agency might serve the child's needs, or that this BOCES Preschool Program seems appropriate. If the child is appropriate for the program, the program and the process for applying for it are explained to the parents and further assessment is scheduled.

SERVICE

There are two components in the program - the classroom program and the home teaching program. The classroom program is open to three and four year old children. Classes are held in Peekskill, Mahopac and Yorktown. There are approximately ten children in each class, which meets either in the morning or afternoon for five one-half days each week. In the classroom a program is designed to capitalize on each child's strengths and improve his weaknesses. An individualized educational program (IEP) is prepared from the information about

the child. The program includes group activities and individual help in the areas of self-help skills, language learning, fine and gross motor development, socialization and cognition.

The home teaching program serves children from birth to five years of age. It provides home trainers, each of whom visits 10 to 15 children in their homes weekly. A child may be placed in this program for various reasons. One very important advantage of the home teaching program is that through work with the parents, who then teach the child, the parents learn more effective parenting and teaching skills. Another advantage of the home teaching program is that learning is occurring in the natural home environment. The home program allows time in the child's routine for attendance at regular nursery school, if appropriate. Sometimes the home trainer works with the nursery school teacher in establishing the most beneficial program for the child.

Parents may attend the monthly parent meetings held by the classroom programs. These meetings provide parents with the opportunity to meet other parents who also have children with handicapping conditions. Parent and child attendance at these meetings allow the home trainers to observe the behavior in each child in a group situation and allow parents from both the classroom and home teaching programs to share their experiences and learn more about other services offered.

The entire staff meets weekly to discuss individual problems and to share information. Once a child leaves the Program to attend regular nursery school, kindergarten, or special classes, a staff member follows his progress by making school and parent contacts for at least one year in an effort to insure adjustment and success for the child.

PARENT
PROGRAM

Parents are involved in a variety of ways in the program. These include:

1. Attendance and input at IEP planning sessions.
2. Parent monthly group meetings.
3. Parent participation in writing and teaching their child through use of parent prescriptions developed with staff.
4. Parents are requested to observe their child in the classroom and provide input to the teacher.
5. Parents are requested to volunteer their services in the classroom and to have a better understanding of the classroom routine and an understanding of their child's skills within the classroom program.

PROCEDURES FOR INFORMED CONSENT, DUE PROCESS AND ASSURANCE OF CONFIDENTIALITY:

Since this is not a State mandated service, the children in this program will not necessarily be reviewed by their local district Committees on the Handicapped. Therefore, information which is received from other agencies through this project or through this project's own testing, is not shared with the school districts unless a release is signed by the parents. The parents have a right to see the records on their child by making an appointment with the project coordinator, who will review all records and give the parents copies of whatever items they request. Records are not open to anyone but the project staff, and are not shared with any other person or agency unless a release form is signed for this purpose. If the parent questions the program or placement of the child, they should plan a meeting of the evaluation team and teacher; if still dissatisfied, they should appeal to the coordinator, and then to the Director, if necessary. They also have the right to withdraw their child from the program since the child is not of mandated school age. To accomplish this, a withdrawal form is used.

IEP's are written on each child with the participation of the parents, within 30 days of entry into the program.

Director
COORDINATOR

General:

1. Provide instructional leadership for the Regional Demonstration Program serving children from birth to age five.
2. Continuously appraise, evaluate and work to improve these special educational services.
3. Develop and implement appropriate curriculum revisions for the pre-school program.
4. Conduct the development and implementation of individualized instruction plans for each pre-school child.
5. Assist teachers and pupils in crisis situations and assist in preventative, supportive and advisory roles to avoid crisis situations.
6. Coordinate consultative services to enable continued professional development among pre-school personnel.
7. Develop cooperatively with area universities and demonstrate a field experience designed to prepare physical therapists to work with pre-school children in a public school setting.
8. Develop and demonstrate support services which will assist area pre-school programs, nursery schools and day care centers to integrate handicapped children into their programs.
9. Involve BOCES Staff and local district staff in the development of each handicapped child's specific program to insure that the child's placement upon reaching school age is in the least restrictive environment and that the transition is made as smoothly as possible.
10. Increase the effectiveness of parents in facilitating the development of their handicapped children.
11. Develop curriculum materials for pre-school handicapped children.
12. Implement a thorough search of the Putnam/Northern Westchester BOCES area to identify pre-school children with handicapping conditions and special needs.

13. Develop and supervise screening and diagnosis for children referred to program.
14. Coordinate intake and release of all children in program.
15. Supervise and coordinate parent training.
16. Provide supervision for a home trainer for certain pre-school children.
17. Coordinate and articulate the pre-school program with other special education and BOCES programs.
18. Develop and demonstrate a service delivery model that may be observed by interested educators, parents, legislators and other community leaders.
19. Perform all of the above functions and duties subject to addition, revision and approval by the Director of Special Education.

Personnel:

20. Recruit and participate in the selection of pre-school personnel.
21. Orient and provide first-line direction, supervision and evaluation of personnel.
22. Develop objectives with each professional staff member.
23. Run workshops for staff on curriculum and educational planning.

Communications:

24. Maintain close working relationships with parents and community agencies responsible for the education of the handicapped.
25. Maintain close working relationships with local district personnel.
26. Maintain close working relationships within BOCES with the Director and Assistant Director, the BOCES central administration.
27. Interpret the pre-school programs to parents, constituent school districts and the public.
28. Provide consultation and assistance to other intermediate units and local school systems which choose to adopt the service delivery model.
29. Act as liaison with agencies interested in pre-school education of the handicapped.
30. Develop, organize and maintain an advisory council to the pre-school program.

JOB DESCRIPTION:

PHYSICAL THERAPIST

1. To participate in the intake assessment of new referrals and advise staff and parents as to specific implications and recommendations.
2. To perform a physical motor assessment on any student who is considered a candidate for Physical Therapy.
3. To make referrals to appropriate agencies and other sources for Physical Therapy students.
4. To supervise students enrolled in College Training program in Physical Therapy.
5. To evaluate the need for and determine the proper rehabilitation equipment needed by a student to improve his-her function within the educational environment.
6. To assist the student in utilizing appropriate equipment for maximum functioning.
7. To maintain proper records and recommendations.
8. To ensure the necessary and appropriate communication with the community by functioning as a liaison with the medical follow-up facility (in conjunction with school nurse).
9. To interpret and translate into functional terms for staff the therapy and/or medical reports received on students.
10. To assist the staff in the development of the general therapeutic-physical environment which is necessary to meeting the total needs of the students.
11. To participate in curriculum development, with emphasis being on incorporating and maintaining the therapeutic perspectives necessary.
12. To assist in the development of criteria for programming student with physical and/or motor impairments into a less restrictive environment.

31. Write and publish a newsletter to be disseminated locally.
32. Write and package curriculum and service delivery information.
33. Demonstrate to community leaders and legislators that pre-school handicapped education is necessary and should be a mandated service in the state of New York.

Finance:

34. Participate in the preparation of grant proposals.

Planning:

35. Propose, develop and implement new special educational services.
36. Serve as consultant to component school districts.
37. Reorganize program for the appropriate placement of pupils and staff.

Evaluation:

38. Collect and assess the increase in the abilities of children, satisfaction and involvement of parents and activities of project.

Other:

39. Participate in the affairs of professional societies and committees devoted to the advancement of special education.
40. Prepare reports required by BEE.
41. Represent BOCES at appropriate national, state and local meetings on special education.

PRESCHOOL PROGRAM

JOB DESCRIPTION
TEACHER TRAINER

1. To prepare demonstration/dissemination plan for project.
2. To carry out all items of demonstration/dissemination plan.
3. To complete and monitor Family Court petitions.
4. To complete and monitor billing and attendance records.
5. To monitor and update all student files.
6. To coordinate internal needs identified in evaluation plan.
7. To assist project coordinator in other tasks of a non-supervisory capacity, such as screening candidates for positions.
8. To train teachers and conduct workshops for other agencies in preschool activities and methods.

JOB DESCRIPTION:

SPEECH AND LANGUAGE THERAPIST

- 1) Screen and diagnose speech and language of children referred to project.
- 2) Write diagnostic reports.
- 3) Consult with parents re: child diagnoses and needs.
- 4) Consult with teachers and teacher aides and make recommendations as to appropriate programming of children.
- 5) Participate in staff conferences and IEP's.
- 6) Write IEP's for children in speech and language.
- 7) Supervise speech teacher aide to provide language stimulation to children in project in need of speech and language services in accordance with goals listed on child's IEP.
- 8) Perform post-testing on children in program.
- 9) Participate in selected IEP planning conferences.
- 10) Provide consultation to certain children through the use of a parent training model.
- 11) Coordinate speech and language services with local clinics.
- 12) Consult with area nursery schools.
- 13) Attend selected COH meetings.
- 14) Provide direct intervention to children in the classroom.
- 15) Provide staff training when appropriate
- 16) Participate in PETD and arena evaluations utilizing the Transdisciplinary Model.

JOB DESCRIPTION:

SOCIAL WORKER/FAMILY LIAISON

- 1) Meet with parents during screening and diagnosis for case history and other pertinent information, and to describe TD Assessment to them.
- 2) Make recommendations to parents re: appropriate programs for their child.
- 3) Make referrals to appropriate agencies for parents.
- 4) Participate in parent group meetings.
- 5) Participate in selected IEP planning conferences.
- 6) Participate in staff conferences and provide input into IEP's.
- 7) Provide reports to agencies who are working with a child.
- 8) Define school services to agencies.
- 9) Consult with teachers and make recommendations for working with parents.
- 10) Meet individually with parents as needed.
- 11) Provide staff training when appropriate.
- 12) Write reports.
- 13) Coordinate transition to other placements.
- 14) Participate in PETD and arena evaluations utilizing the Transdisciplinary Model.
- 15) Attend COH meetings if appropriate.

JOB DESCRIPTION

EARLY CHILDHOOD TEACHER

- 1) Participate in screening of children for entry into program.
- 2) Develop IEP on each child in classroom program, bases on an assessment.
- 3) Individualize classroom program.
- 4) Direct and train teacher aides.
- 5) Participate in staff conferences and provide staff training as needed.
- 6) Implement curriculum materials adopted or developed.
- 7) Hold parent conferences.
- 8) Organize monthly parent groups and training.
- 9) Work with a liaison or appropriate personnel from the school district when referring a child to that district when school age.
- 10) Supervise student teachers when appropriate.
- 11) Keep and obtain records necessary for data collection on students and parents.
- 12) Write and assess prescriptions for home training, where appropriate.
- 13) Consult with area nursery schools.
- 14) Train parent volunteers and implement parent volunteer system in classroom.
- 15) Investigate other school placements.
- 16) Meet with Home Teacher to discuss children transferred within the program.
- 17) Participate in arena evaluations utilizing the Transdisciplinary Model.

JOB DESCRIPTION;

SCHOOL PSYCHOLOGIST

- 1) Screen and diagnose children referred to the program, determine Handicapping Condition based upon Commissioner regulations.
- 2) Write reports.
- 3) Conference with parents re: child diagnoses and needs.
- 4) Consult with teachers and make recommendations as to appropriate program and management of children.
- 5) Participate in staff conferences and provide input into IEP's.
- 6) Consult with child's school districts re: appropriate placement when child is school age, attend selected COH meetings.
- 7) Perform post-testing on children in program.
- 8) Participate in selected IEP planning conferences.
- 9) Provide teachers with observation data re: student behavior, and prescribe intervention strategies based on this data.
- 10) Consult with area nursery schools.
- 11) Provide staff training when appropriate.
- 12) Work with individual parents or groups of parents as needed.
- 13) Participate in PETD and arena evaluations utilizing the Transdisciplinary Model.

JOB DESCRIPTION

PRESCHOOL HOME PROGRAM TEACHER

- 1) Schedule and coordinate home visits for up to 40 children in the 20 component school districts.
- 2) Train and supervise the three Home-Teachers who make weekly visits.
- 3) Develop I.E.P.'s and evaluate the progress of the 40 cases.
- 4) Function as liaison to any related preschool setting who is also involved with a child we service (i.e. Day Care, Head Start, local nursery schools.)
- 5) Visit homes and write prescriptions.
- 6) Plan and conduct follow-up of all on-site screenings in the preschool setting and private homes.
- 7) Conduct staff training sessions for local preschool settings on Preschool Special Education.
- 8) Plan and coordinate services of consultant clinical staff, as needed.
- 9) Conduct parent workshops on methods and materials utilized in Preschool Special Education.
- 10) Respond to requests for consultation and/or observations of children with special needs in regular preschool settings.
- 11) Teach up to six cases - a weekly visit to each.
- 12) Maintain records on 40 cases (attendance, I.E.P.'s, contacts, other services, health records).
- 13) Process HC2-1 forms for 40 cases.
- 14) Research, develop and demonstrate new teaching materials and methods.
- 15) Keep and obtain records necessary to data collection on students and parents.

- 16) Work with liaison or appropriate personnel from the school district when referring a child to that district when school age.
- 17) Hold parent conferences.
- 18) Implement curriculum materials adopted or developed.
- 19) Participate in staff conferences and provide staff training as needed.
- 20) Participate in Pre-Entry Transdisciplinary Assessments and complete evaluations utilizing the Transdisciplinary Model.
- 21) Meet with classroom teachers to discuss children transferred within the program.

ADVISORY COUNCIL

The Advisory Council is composed of parents, educators, and members of agencies in the Putnam/Northern Westchester BOCES area. It meets monthly to review the direction and goals of the preschool program and to make recommendations regarding issues which face the preschool program.

EARLY CHILDHOOD PROGRAM

Procedure for Follow-Up of Students that have graduated from the Program:

1. In June, a listing is made of students who have withdrawn from the program which indicates whether a parental release has been signed to share information with districts.

2. The list will include:

Name of Student
Home Address
Home Phone Number
Parent's Name
District
Date of Birth of Child

District Release _____

3. The Coordinator will send a Follow-Up Form to Parent and District, (if release is signed), during the month of January.
4. The Coordinator will follow-up on unreturned questionnaires and on students for whom difficulties in present placement is indicated on form.

BOARD OF COOPERATIVE EDUCATIONAL SERVICES
Putnam/Northern Westchester Education Center
Yorktown Heights, New York

PRESCHOOL PROGRAM

PROCEDURES FOR FOLLOW-UP UPON GRADUATION

1. In October, a letter is sent to parents and school districts which ask for information regarding the graduate.
2. A cover letter is attached which asks the person to call a specific staff member on a specific date if the person would like to talk about the child's needs.
3. Staff are available at a phone on that date to help parents and teachers.
4. If the need arises, based on the phone conversations, appointments with Kindergarten teachers or parents will be made to discuss the child.
5. A month after forms have been sent, they are reviewed by the Program Coordinator. Staff members receive a list of parents to call, if the form has not been returned, to check on placement.
6. Parents are also invited to return for monthly parent meetings.

PROCEDURES FOR REPORTING MONTHLY BILLING AND ATTENDANCE FOR
SCHOOL DISTRICTS FOR THE PUTNAM/N. WESTCHESTER BOCES PRESCHOOL PROGRAM

1. Teachers give Teacher Trainer the attendance logs by Friday after the last Monday of each month.
2. Teachers note entry dates of any new students and exit dates of withdrawing students on log.
3. Information is transferred onto billing forms in the following manner:
 - a) Possible dates of attendance by particular month are listed on top line.
 - b) Dates absent are checked.
 - c) Number of possible dates of attendance and absence are listed in right hand column.
 - d) If a child has entered an E is placed in the box for that day.
 - e) If a child has left the program, an L is placed in the box for that day.
 - f) Comments about entrances, exits, long absences, etc. are placed in comments section.
 - g) Any new child who is to be enrolled is listed. Across columns for attendance, write expected enrollment month.
 - h) If a child has left the program, his name should be crossed out, but not whited out, on the next month's billing.

4. A list of each district and number of students to be billed for is made up based on Attendance and Billing information.
5. Information is routed to people listed below by the first Monday of each month.

ROUTING FOR MONTHLY BILLING AND ATTENDANCE SHEETS AND BILLING LIST:

1. Two copies of billing sheets to BOCES Business Office (Elneta Ammicucci)
2. One copy to Eleanore Kerrigan (Special Education Dept.)
3. One copy of appropriate District Classroom List to each district transportation officer.
4. One copy to Attendance & Billing File
5. One copy to Chrono File
6. Logs that teachers send in are to be sent to Liaison Officers of appropriate districts.

PROCEDURES FOR BILLING WESTCHESTER COUNTY FOR
PRESCHOOL STUDENTS FOR TRANSPORTATION

1. Use attached claim form.
2. Bill monthly (or whatever is appropriate for your school district).
3. List name of district or carrier on top.
4. Under description of services, include the following:
 - a) child's name
 - b) dates included in this bill
 - c) dates of attendance (this is listed on the Attendance & Billing information sent to you from my office).
 - d) In the right hand column list amount of cost for month.
5. Only one child can be listed on a voucher.
6. The County Claim Form must be used. Please obtain additional claim forms from the County.
7. Send vouchers to:

Ms. Kay Schmerer
Office of Financial Administration
Department of Health
County of Westchester
150 Grand Street
White Plains, New York 10601.

If you have any questions, please call Mrs. Schmerer at 682-7581.

PART II - TEACHER RESPONSIBILITIES

This section deals with the jobs other than teaching that fall within the domain of teacher responsibility. Coordination of services and consistency among staff members in dealing with outside agencies is important in order to develop credibility in the community.

Procedures for:

- A. Writing IEPs
- B. Communicating with COHs
- C. Requisitioning Equipment and Supplies
- D. Snow Days
- E. Student Files
 - 1. Observation Record
 - 2. Student Information Summary
 - 3. Summary of Agency or Parent Telephone Contacts
 - 4. Parent Services Record
- F. Referrals to Nursery School and Kindergarten
- G. Year End Wrap-Up
- H. Emergencies
- I. Attendance Logs - Classroom and Home Program
- J. Obtaining Health Records

PROCEDURES AND TIMETABLE FOR IEP DEVELOPMENT EACH SPRING AND
FALL FOR PRESCHOOL SPECIAL EDUCATION TEACHERS

MARCH:

- I. Update IEP's for four year olds; this includes:
 - 1) Post test McCarthy's *(no longer appl. cable)*
 - 2) Complete final column of Page 3 of IEP (long term objectives).
 - 3) For those students being referred to Special Classes or Special Services, write a new page 1 and 2 of IEP.
 - a. All long term goals not completed during the year should be carried over, unless a rationale appears for dropping this.
 - b. Page 1 should include:
 - All McCarthy scores -
 - Scores from Speech and Language testing -
 - Recommended placement for Fall.
 - c. For all students recommended for speech and language services, long term goals should be developed by speech and language therapist.
 - d. Update Portage Checklist.
 - 4) For those students referred to Kindergarten, complete Page 3's; write on BOTTOM of Page 1 - Fall Placement - Kindergarten - No special services recommended.

APRIL:

- I. Meet with Coordinator and Transdisciplinary Team to review all IEP's.
- II. Set up parent conference and invite district representative to attend.
- III. Hold parent conference and have parents sign IEP.
- IV. Fill out parent conference form in triplicate in presence of parent.
- V. By April 30, the last copy of each IEP (page 1, 2, 3, of this year and page 1 and 2 for next year) and Parent Conference Forms are given to secretary to be sent to district, if there is a parent release.
- VI. If a student is referred for special class or special services, a copy of an updated Portage checklist also accompanies IEP given to secretary and is sent to the district.
- VII. By April 30th, a copy of each IEP and parent conference form is filed in child's clinical file by teacher.
- VIII. By April 30th class lists are built on board for next school year.

MAY:

I. By May 5th, IEP's are sent to district by Supervisor.

II. Teachers update IEP's for three year olds.
This includes:

1. Update Portage Checklist
2. Complete final column of Page 3 of IEP (long term objective)
3. Write a new page 1 and 2 of IEP (follow directions listed under #3 for four year olds)

JUNE:

I. Same directions as #I, II, III, IV, V, VI under April Deadline - last day of school.

SEPTEMBER:

- I. Pretest all new children on McCarthy.
- II. Update Portage Checklist on each child.
- III. Write page 3's (short term objectives for all returning students).
- IV. Write pages 1, 2, 3 for new students and complete Portage checklist.

OCTOBER:

- I. Follow instructions #I, II & III under April.
- II. By October 15th, the last copy of page 1, 2, 3 of each IEP and parent conference forms is given to secretary to be sent to district, if parent has signed district release.
- III. By October 15th a copy of each IEP and parent conference form is filed in each child's clinical file by teacher.

JANUARY:

- I. By January 15th each IEP, page 2 and 3, is updated by teacher. This includes:
 - a) note which long term goals have been completed.
 - b) addition of new long term goals.
 - c) note which short term objectives have been mastered and which are progressing.
 - d) write new short term objectives.
- II. By January 31st, meet with Supervisor and Transdisciplinary Team to review IEP's.
- III. Meet with parents to review any major changes.

NOTE: Retesting:

1. McCarthy's are only done upon entering and exiting program.
2. Portage checklist is updated at least two times a year.

BOARD OF COOPERATIVE EDUCATIONAL SERVICES
Putnam/Northern Westchester Education Center
Yorktown Heights, New York

PROCEDURES FOR MEETING WITH DISTRICT COMMITTEE ON THE HANDICAPPED

In order to present an effective and efficient case description at District COH Meetings, please -

- 1) Bring all files (academic & health) to meeting
- 2) Bring one extra copy of final IEP to give to the Chairman of the COH.
- 3) Prepare an outline which includes the following points:
 - 1) child's name
 - 2) date of birth
 - 3) C.A.
 - 4) McCarthy scores (if appropriate)
 - 5) Reason for referral
 - 6) length of time in program
 - 7) strengths
 - 8) weaknesses
 - 9) description of long term goals & results
 - 10) present educational needs.

This presentation should only take three to five minutes.

This should help to streamline and organize your talk and give members of the District COH the most important information regarding the child.

FROM: _____, PRINCIPAL OR SUPERVISOR. TELEPHONE NUMBER: _____

SUBJECT: STUDENT PROBLEM FOR COH REVIEW

DATE: _____

The purpose of this report is to call to the attention of the COH a concern regarding the student listed above. To be helpful we have summarized the situation and made a recommendation. This information is sent to assist your Committee in carrying out its responsibility for determining the program for each district student with a handicapping condition.

Student is attending _____ class at _____ School.

Capsule statement of the problem: _____

_____Our actions to date to resolve the problem: _____

_____The BOCES team's recommendation for further action: _____

_____Other notes or comments: _____

In most cases, it is possible to send a BOCES representative to the COH meeting at which a student's problem is to be discussed. To have a BOCES representative attend, contact me at the number above. Please inform me of any actions taken by the COH with respect to this matter.

I hope this information is helpful to the COH in carrying out its responsibilities, and I look forward to working closely with you to assist your student.

PRESCHOOL PROGRAM

SNOW CHAIN

PLEASE NOTE:

The Teacher is also responsible for calling:

1. Any Clinical Staff member who works in her room that day.
2. Transportation Supervisors and reminding them of the closings.
3. Parents - It would be helpful to set up a telephone chain with parents.

PROCEDURES:

1. If the School District in which your classroom is located closes for a complete day, your classes are cancelled.
2. If the School District has a delayed opening, your A.M. session is cancelled.
3. If the School District has an early closing, your P.M. session is cancelled.
4. If you are a clinical team member and one of your classes is open, you are expected to work either in that class or central office.
5. Home Program Staff are to check with Supervisor.

PRESCHOOL PROGRAM

Student Files

Two complete sets of student files are available. One set is kept locked in the classroom; the other is available in the central office.

Files are organized by following sections. The form listed first should be on top, then the next, etc.

- Side I Student Information Summary
 Parent Services Record
 Summary of Agency or Parent Telephone Contacts
 Attendance

- Side II DIAGNOSIS
 Transdisciplinary Summary
 Psychological Summary
 Social Work Summary
 Speech Therapy Summary
 Education Summary
 Alpern-Boll
 Genogram
 Tests Administered at TD
 McCarthy
 Bayley
 Other reports, tests or notes by BOCES clinical team members.

- Side III SCREENING
 Screening Summary
 Parent Questionnaire
 Denver
 Language Sheet
 Drawings
 Child Observation Checklist
 Letter to District (ECE Assessment)
 Registry

- Side IV EDUCATION
 IEP Parent Teacher Conference Form
 IEP
 Observation Record
 Parent Conference Forms
 Portage Checklist
 Other anecdotal information on educational plan or child's progress
 Letters from parents

Side V

HEALTH/PERMISSION

Family Information Form

Annual Health Exam

Release of information/

Permission to share with district (screening).

All other Permission Forms/trips, video, to attend program, etc.

Side VI

FAMILY COURT/AGENCY INFORMATION

HC-5

Preapproval from Albany (Elsie Finklestein letter)

HC-23 or HC-2 - 1

Letters to Court/Albany

Records from other agencies

Letters to agencies requesting information

Support letters for Home Program, 4 day program, etc.

Letters to liaison

NOTE:

An additional file should be kept with the student classroom file of any weekly activity plan sheets used with parents.

When student leaves program:

1. All files are returned to Central Office.
2. Clinical file is placed in early childhood "dead" files.
3. Academic file is placed in special education "dead" file.

During School Year:

Any information which a teacher receives on a child (outside agency report, health, information, etc.) should be sent to secretary in duplicate. A note should be attached that one copy should be placed in clinical file and one copy sent to school district liaison if a permission to release information to the district has been signed by the parent.

OBSERVATION RECORD

Instructions: Please write objective information about what you have observed during the student's time in your classroom during the month listed below. The information should reflect his skills in the primary target area of your work based on the students main reasons for being in our program.

PRE-SCHOOL PROGRAM

PROCEDURES FOR REFERRAL TO NURSERY SCHOOL:

1. Review IEP's and talk to mother about possible graduation from program.
2. Suggest nursery school, if appropriate, and provide parents with a list of nursery schools.
3. When parent has chosen a nursery school, if the parent signs a release, the nursery school is contacted regarding the child.
4. If the nursery school requests, a visit is made by pre-school teachers.
5. The teacher will offer the option of follow-up visits to the pre-school program or phone calls to the parents.

PROCEDURES FOR REFERRAL UPON GRADUATION:

1. Review IEP's and talk to mother about placement in February.
2. Obtain special release permission from parent to contact school district liaison and arrange a visit to their local elementary school in February.
3. Teacher responsible for district makes phone contact after checking with other teachers who also have district children:

Ellen Boehm

Bedford

Garrison

Lakeland

Haldane

Peekskill

Putnam Valley

Hen Hud

4. Call liaison in February to:

- a) set up a visit to local elementary school
- b) arrange to have a representative of the district come and observe the child in pre-school setting.

MEMORANDUM

Putnam/Northern Westchester Education Center • Yorktown Heights, New York 10598 • (914) 245-2700

TO: PRESCHOOL TEACHERS AND SUPPORTIVE STAFF
FROM: Amy L. Toole
DATE: May 1, 1980
SUBJECT: YEAR-END WRAP-UP

At the request of last year's teachers, I am sending this memo to you with plenty of lead time, so that you can start to assemble some of this information. I'd like to request that on Friday, June 20th, you check out with me at my office. At that time, the following information will be needed from you. Please organize it and have it ready to submit to me on that day.

Thank you for your attention to these final details for the year.

1. All student files. This should include:
 - a) Portage prescriptions if used.
 - b) Completed student information summary sheets.
 - c) Completed parent services records.
 - d) Summary of agency contact or parent telephone contact.
 - e) Completed TD reports.
 - f) Completed genograms and Alpern Bolls.
 - g) All McCarthy's.
 - h) All screening information.
 - i) All IEP's and Parent Conference forms.
 - j) All permission slips.
 - k) All HC 2-1 information.

Please organize your files into separate packets. Children returning to your classroom program should be alphabetized in one packet. Children graduating from the program and going on to a BOCES special program, should be organized in another packet. Children who are graduating from the program but going on to a district class, either special or kindergarten, should be organized in another packet.

2. When arriving at the School Services Building, please go to the Clinical file draw and place your academic file for that student with the clinical file. Within the clinical file draw, create a new file for students on your class list for next year. The files of new students will be available in my office so that they can be integrated with your returning students. The clinical file and the academic file should be in alphabetical order in the clinical file drawer. When leaving the School Services building that day, your files should be in complete alphabetical order for next year's class list.
3. Please update your board that day and make sure that it is in perfect order for your September class list.
4. Please submit any HC 2-1's that are still outstanding.

5. I would appreciate it if each teacher would generate a list of requisitions which you feel would be appropriate for your classroom for next year - up to \$200.00 per classroom. If money becomes available this summer, I will then be able to use these requisitions to order items, otherwise I will hold them until September when we see how our money situation is.
6. Please return any books that you borrowed from me during this year.
7. Before completing your files, I would like a list of each child in your class, the number of long-term goals written for the child during this year, the number of those achieved and the percentage of those achieved. Therefore, the list should have four columns. Please total at the bottom the number of goals altogether for your class and the percentage of long-term goals achieved for your class. This will give me the data which I need and should be easily accomplishable within a short period of time if you use a calculator.
8. Please make lists for your class by handicapping condition. Identify the long term goals written for that condition. There should again be four columns. List child, # of long term goals for condition, how many achieved, and percentage achieved. Total as above.
9. Please make sure you have submitted by that day, follow-up lists for graduates for us to use next year in our longitudinal study. The follow-up lists should be written for any student leaving the program with the following format:

NAME	PARENT'S NAME	ADDRESS	PHONE	DISTRICT	COUNTY	PLACEMENT	RELEASE
------	---------------	---------	-------	----------	--------	-----------	---------

10. I would appreciate a list from you which would indicate any and all mainstreaming activities which occurred within your classroom or within your home program this year. For example, if your class participated in three assemblies with the normal children or went to a library demonstration with the kindergarteners, those kinds of items would be listed. If you went on a field trip with another class, that would be listed. In the home program, if your child is integrated into a nursery school, that would be an example of a mainstreamed kind of activity.
11. I would also appreciate a list of any visitors that you've had to the classroom since September and what agency or family they represented. (or hand in Visitor Book)
12. I would also appreciate a list of any nursery school contacts that you have had and what their request was. We had developed a form called an Agency Contact form and this information should be available on that if those forms have been kept up to date.

13. It is also important that you return and complete any of the forms which have been sent to you in a memo form Dr. Coe indicating what the central office needs for their year-end wrap-up. For example, the summer address form, the annual report to Dr. Irvine, etc.

14. Please turn in your PROJECT MANUAL so that it can be updated over the summer.

I realize that this is asking you to complete an awful lot of paper work. However, I hope that you will be able to accomplish organizing a lot of this on the Wednesday prior to the Friday you check out. Please try to check out between 8:30 and Noon on that day. Perhaps we could all go to Huckleberry's after check-out if that seems like a good idea to everyone.

Thanks for a terrific school year and I appreciate your attention to these final details.

ALT:mf

PROCEDURES FOR EMERGENCIES

1. Each teacher should speak with school nurse in building and give nurse copy of health records if requested. (Teachers at French Hill should contact Walden school nurse)
2. Teachers should have emergency form completed; as shown in parent information packet.
3. At time of emergency:
 - (a) Parent should be contacted.
 - (b) School nurse should be contacted.
 - (c) Child should be brought to hospital if necessary. Supervisor should be informed, if time permits.

PRESCHOOL PROGRAM

PROCEDURES FOR OBTAINING HEALTH RECORDS FOR NEW ENTRANTS TO PRESCHOOL

- 1) Upon decision to accept child into program during TD conference, parent is sent or handed Family Court Petition and Medical form with listing of necessary immunizations.
- 2) Parent is asked to complete both (obtaining immunization information) when visiting M.D. for signature.
- 3) Parent returns Family Court petition and health record to Carol Eagen.
- 4) Student may not enter program until:
 - a) district superintendant has completed Family Court petition.
 - b) medical forms are completed and child has received appropriate immunizations.

PART III - SERVICES TO CHILDREN

Since one of the major program objectives is to provide an educational program that will effect significant improvement in each child's social/emotional, motor, cognitive and language performance, careful consideration has been given to the development of an early intervention model that produces such change. Elements of programming have been adapted from validated programs such as the Portage Project and new components have been developed. Methods and materials relating to providing services to children are included in this section.

A. Search

1. List of contacts
2. List of hospitals and agencies for handicapped in Putnam/Westchester geographic area
3. Poster, flyer instructions for distribution
4. Preschool Registry

B. Screening

1. Screening Appointments and schedule
2. Screening Calander
3. Intake Schedule and Form
4. Cover Letter and Parent Questionnaire
5. Screening Forms: District Release, Screening Summary, Information Release Form, Request form, Denver Developmental Screening Test, Child Observation Checklist
6. Referral for Complete Speech/Language, Hearing and ENT evaluation
7. Cover letter to be sent with release form

C. Diagnosis

1. Pre-Entry evaluation form and description
2. Transdisciplinary Assessment
3. McCarthy Scale form
4. Bayley Scale form
5. Portage Checklist
6. Outside Evaluation

D. Placement

1. Criteria for Selection of Children into Program
2. Instructions for completing Family Court Petitions, HC 2-1 forms
3. Communication with School District
4. Letter to liaison.

E. Programming

1. Location and Hours of Program
2. Daily Routine (samples)
3. IEP form
4. IEP Parent Conference Form
5. Procedure for writing IEPs for students entering throughout the school year
 - a. Results of mid-year IEP teacher review
 - b. Central Office IEP Documents Control Sheet
6. Description of Home Program
7. Weekly Activity Plan Sheet
 - a. Child observation in a preschool setting
8. Request for Withdrawal from program
9. Withdrawal Procedures

F. Transition Class

1. Outline
2. Curriculum

St. Agnes Hospital

Medical Director: Dr. Angelis Badell-Ribera

Preschool Program - daily sessions, services multi-handicapped and physically handicapped children.

Clinical team - therapist, occupational therapist, speech therapist, and psychologist are available. Children are evaluated by medical director on a regular basis.

Blythedale Children's Hospital

Acting Principal: Ms. Pat Jatul

Preschool Program - for 25 students, 20 of whom are inpatients. Five children are from local area and are bused in. Teacher pupil ratio of 7.1, however, many students and volunteers are available.

Clinical team - physical therapy, occupational therapy and speech therapy are available on a daily basis.

Outpatient department - has complete evaluation based on sliding scale.

Donald R. Reed Speech Center

Director: Mr. Robert Schlitt

Provides individual speech and language evaluation and therapy on sliding scale. Number of sessions per week are based on individual needs of child. No audiological testing available. Children are referred to Grasslands or Burke.

St. Judes Rehabilitation Institute

Supervisor of Social Services: Ms. Pauline Rosenbloom

Program has 51 clients of all ages.

Preschool Program - serves severe, profound, and multiply handicapped. Pupil-staff ratio is 3.1. No criteria for rejection.

Clinical Team - physical therapy used is "reflex" therapy developed by director of program. Program is a full day and runs full year. Speech therapy is available.

Parent Program - no groups or home training.

Putnam Association for Retarded Citizens

Director of Pre-School - Ms. Carol Zaccara

Infant Program - parent brings child in for two hours, two times a week. The physical therapist and speech and language therapist work with child and parent.

Nursery Program - four children are presently enrolled with a teacher and aide.

Preacademic Program - five children are presently enrolled with a teacher and aide.

Clinical Team - for the two above programs, physical therapy, speech therapy, play therapy and occupational therapy are available two or three times a week.

Parent Group - is run by the nurse or social worker - no home training.

Westchester Association for Retarded Citizens

Educational Director - Ms. Fran Porcaro

Classes at Katonah, two in Yonkers, White Plains. Katonah presently has four children with a capacity of ten. Down syndrome children are identified at birth through hospital and a WARC parent is sent to talk to parents.

Classroom Program - Children can start at 18 months. Prior to the program they attend St. Agnes. A teacher, teacher assistant and two teacher aides are available for ten children. The program presently takes trainable children, mostly down syndrome, but is open to severely and profoundly retarded children. Curriculum is based on Portage Project.

Clinical Team - consists of a supervisor, psychiatric consultant, psychologist (who makes assessments and consults with teacher).

Parent Group - regular parent group counseling meetings held in White Plains - no home training.

Donald F. Rielle
Acting District Superintendent

Raymond A. DeFeo
Deputy Superintendent

Paul Irvine
Director
Special Education

Dear Parents:

I appreciate your offering to take the time to help us distribute our posters and flyers to the community, especially during this very rushed season. Along with this letter, you are receiving a number of posters and flyers so that you can distribute them in the community which is listed at the top of the letter. I would very much appreciate it if you could try to have this completed as much as possible by Monday, December 18. My purpose in this is that many people may have the opportunity to read the posters and flyers during the Christmas shopping season. The following is a list of some suggestions which you might want to read before distributing these in the community.

1. Consider going to places such as supermarkets, stores, whether clothing stores or liquor stores, etc., churches, doctors' offices, libraries, and other places where the public visits.
2. When going into a store, you might attempt to leave a poster hanging on their bulletin board or near their front doorway. The flyers are probably best placed in doctors' offices, libraries and other places where people might easily pick them up while waiting for service.
3. When attempting to leave off any posters or flyers, I suggest you approach the manager first, if at all possible, explain to her/him that you are a representative from the BOCES Preschool program for children with special needs, and that the program is attempting to advertise the free service which they have for children and parents in this community. Ask if you can possibly be allowed to hang a poster on the wall or on their bulletin board or leave some flyers. When you have received permission, I suggest that you carry your own scotch tape with you and hang up a poster immediately, if that is at all possible. I suggest this because sometimes when you just leave the poster for other people to hang up, somehow they get misplaced or do not get hung up immediately, so it helps to just do it yourself and it also saves their employees some time.
4. If the manager or the people in the store have any questions, suggest to them that they call the number on the poster or flyer, and the person answering will be happy to attempt to answer them, or the supervisor of the program will get back to them as soon as possible.

I really appreciate the time that you are spending in doing this and the support that you are providing for our program. Thank you so much for your help. Have a very pleasant holiday.

Sincerely,

Amy L. Toole, Supervisor

III-B-4

Dear Parent,

Thank you for calling the BOCES Pre-school for a screening appointment. Our pre-school team is made up of a variety of professionals all concerned with helping the very young child with special needs. We have special education teachers, a psychologist, a social worker, and speech/language pathologists.

When you arrive for your screening, one team member will talk with you and one or two team members will work with your child. Your child will be offered a variety of activities that are appealing to very young children. We will watch how he plays, speaks, and responds. The screening will take approximately a half hour.

On the basis of the information we collect we will determine whether or not we can provide an appropriate program to meet your child's needs.

We can also suggest referral sources if necessary.

In order that our screening is done efficiently, we request that you complete the enclosed questionnaire and bring it with you to the screening. If your child has been evaluated elsewhere, please bring any reports you have available.

We are looking forward to meeting you.

Sincerely,

Amy L. Toole

A REGIONAL DEMONSTRATION PROGRAM FOR
PRESCHOOL HANDICAPPED CHILDREN

PROCEDURES FOR REPLICATION

An agency may wish to replicate the model components of the Regional Demonstration Program for Preschool Handicapped Children. Consultation and Training is available in the following components:

1. PARENT VOLUNTEER SYSTEM TRAINING
2. TRANSDISCIPLINARY MODEL TRAINING
3. DIAGNOSTIC-PRESCRIPTIVE CURRICULUM MODEL
4. HOME TRAINING (PORTAGE PROJECT MODEL)

* * * * *

CONSULTATION INCLUDES:

1. Needs Assessment to determine specific training.
2. Agreement between the Regional Demonstration Program and the Agency to be trained which specifies responsibilities of both parties.

TRAINING INCLUDES:

1. One or two days of training for each component chosen during Needs Assessment.
2. One day of follow-up for each component later in year to evaluate the level of implementation and to assist replicators in any difficulties they may be having with the implementation of the model.

* * * * *

COSTS INCLUDE:

Transportation and living expenses
for Trainer.

Training, follow-up services and materials will be provided by the Regional Demonstration Program for Preschool Handicapped Children at no cost to the agency trained.

PRESCHOOL SCREENING QUESTIONNAIRE

Please complete the following information before coming to the Preschool Screening. Bring this form with you. It will help the staff understand the needs of your child.

I. IDENTIFYING DATA:

Name _____ Date of Birth _____ Age _____
Address _____ Telephone _____
_____ Zip _____ Today's Date _____
County of Residence _____ School District _____
Boy _____ Girl _____ Referred By _____

II. REASON FOR COMING:

At what age did you recognize a problem? _____ Who first noticed this? _____

How was it noticed? _____

Have you been able to do anything about the problem? Yes _____ No _____

If "Yes," please explain. _____

Has the problem gotten better _____; worse _____; stayed the same _____.

Does the child's problem interfere with his/her social life? Yes _____ No _____

Please describe. _____

Has the child's problem changed your family's daily routines in any way? Yes _____ No _____

Please describe. _____

Have there been any unusual experiences or events in the child's home or history which you feel are important to understand your child? _____

Are there any special circumstances in your home, i.e. presence of other members in the home with special needs, or conditions that you feel pertinent to your child's development? _____

Briefly describe your child's typical day. _____

What are his/her favorite toys and activities? _____

Who does he play with? _____

What is most important to you for your child to be able to do this year? _____

III. MEDICAL AND DEVELOPMENTAL INFORMATION:

Does your child have any special health conditions? Yes _____ No _____

If so, please describe. _____

Does your child receive any medication at this time? Yes _____ No _____

If so, what kind? _____ Dosage _____

Are there any restrictions upon his/her activity? _____

Do you have reason to believe your child has a vision problem? (headaches, blurring, eye discomfort) _____

Do you have reason to believe your child has a hearing problem? (doesn't respond to spoken word or noises) _____

Do you have reason to believe that your child has seizures? (periods of staring, rigidity of body, convulsions, loss of consciousness) _____

Has your child had:

	NO	YES	PLEASE DESCRIBE	AGE
Serious injuries	_____	_____	_____	_____
Serious illnesses or high fevers	_____	_____	_____	_____
Hospitalization	_____	_____	_____	_____
Surgery	_____	_____	_____	_____

Does your child receive a yearly check-up by your family doctor or pediatrician?

Yes _____ No _____

Doctor's Name _____

Address _____

Telephone _____

Mother's health during pregnancy _____

Was your child born premature _____; on time _____; late _____; any complications _____

Type of birth: normal delivery____; Caesarian section____; anesthesia used ____ Yes ____ No
 Birth weight____. Was the baby in an incubator? Yes____ No____. How long____
 Did the baby go home from the hospital with mother?____
 Breast or bottle fed____ How long?____
 Any feeding difficulties?____
 Did the baby cry excessively?____ Not at all____
 Did the baby babble and coo? Yes____ No____
 When did your child sit up unsupported?____
 At what age did he/she walk?____
 Is the child toilet-trained? Yes____ No____
 At what age did he/she say first words?____
 What were the first words?____
 At what age did he/she put 2-3 words together?____
 Can you give examples?____
 Has there been anything unusual in your child's development which you feel is important
 in order for us to understand your child?____

LANGUAGE:

Does your child (please check)
 turn toward you when you speak to him____; listen to music____; sing____; watch
 TV____; how much____; favorite TV shows____
 listen when read to____; look at pictures____; show interest in toys that make
 noises____; imitate sounds or words____; understand your directions____; speak
 in single words____; 2-3 word phrases____; sentences____; tell stories or
 events____; gesture when he wants something____; speak while playing by himself

Describe your child's language now

Easily understood by all____; strangers sometimes have difficulty understanding
 him____ can only be understood by family____; family, at times, find it diffi-
 cult to understand him____.

Does your child have any unusual speech or language behaviors?____

1. Try to get child to smile by smiling, talking or waving to him. Do not touch him.
2. When child is playing with toy, pull it away from him. Pass if he resists.
3. Child does not have to be able to tie shoes or button in the back.
4. Move yarn slowly in an arc from one side to the other, about 6" above child's face. Pass if eyes follow 90° to midline. (Past midline; 150°)
5. Pass if child grasps rattle when it is touched to the backs or tips of fingers.
6. Pass if child continues to look where yarn disappeared or tries to see where it went. Yarn should be dropped quickly from sight from tester's hand without arm movement.
7. Pass if child picks up raisin with any part of thumb and a finger.
8. Pass if child picks up raisin with the ends of thumb and index finger using an over hand approach.

9. Pass any enclosed form. Fail continuous round motions.
10. Which line is longer? (Not bigger.) Turn paper upside down and repeat. (3/3 or 5/5)
11. Pass any crossing lines.
12. Have child copy first. If failed, demonstrate

When giving items 9, 11 and 12, do not name the forms. Do not demonstrate 9 and 11.

13. When scoring, each pair (2 arms, 2 legs, etc.) counts as one part.
14. Point to picture and have child name it. (No credit is given for sounds only.)

15. Tell child to: Give block to Mommie; put block on table; put block on floor. Pass 2 of 3. (Do not help child by pointing, moving head or eyes.)
16. Ask child: What do you do when you are cold? ..hungry? ..tired? Pass 2 of 3.
17. Tell child to: Put block on table; under table; in front of chair, behind chair. Pass 3 of 4. - (Do not help child by pointing, moving head or eyes.)
18. Ask child: If fire is hot, ice is ?; Mother is a woman, Dad is a ?; a horse is big, a mouse is ? Pass 2 of 3.
19. Ask child: What is a ball? ..lake? ..desk? ..house? ..banana? ..curtain? ..ceiling? ..hedge? ..pavement? Pass if defined in terms of use, shape, what it is made of or general category (such as banana is fruit, not just yellow). Pass 6 of 9.
20. Ask child: What is a spoon made of? ..a shoe made of? ..a door made of? (No other objects may be substituted.) Pass 3 of 3.
21. When placed on stomach, child lifts chest off table with support of forearms and/or hands.
22. When child is on back, grasp his hands and pull him to sitting. Pass if head does not hang back.
23. Child may use wall or rail only, not person. May not crawl.
24. Child must throw ball overhand 3 feet to within arm's reach of tester.
25. Child must perform standing broad jump over width of test sheet. (8-1/2 inches)
26. Tell child to walk forward, heel within 1 inch of toe. Tester may demonstrate. Child must walk 4 consecutive steps, 2 out of 3 trials.
27. Bounce ball to child who should stand 3 feet away from tester. Child must catch ball with hands, not arms, 2 out of 3 trials.
28. Tell child to walk backward, toe within 1 inch of heel. Tester may demonstrate. Child must walk 4 consecutive steps, 2 out of 3 trials.

DATE AND BEHAVIORAL OBSERVATIONS (how child feels at time of test, relation to tester, attention span, verbal behavior, self-confidence, etc.):

CHILD OBSERVATION CHECK-LIST

CREDIT

NO CREDIT

1. Does the child walk up stairs using a wall or hand rail or a person's hand? (P-7)
2. Does the child jump without falling with both feet together from an object 8 inches off the floor? (p-14)
3. Does the child take off his coat without help when buttons or zippers are undone? (SH-11)
4. Does the child put on his coat without help? (no buttoning needed) - (SH-16)
5. Does the child undo large buttons, snaps, shoelaces and zippers? (S-H - 17)
6. Does the child put toys away neatly when asked? (S-H - 23)
7. Does the child wave bye-bye at the right times, or copy pat-a-cake game? (S - 4)
8. Does child bring something or take something someplace when told? (must find object and carry out command) (S-8)
9. Does child understand proper use of toys and use them appropriately? (without breaking them) (S - 18)
10. Does child give "one more" of something - or do something one more time if asked to do so? (A - 8)
11. Does Child group things by color or form or size? (A-11)
12. Does child count to six (on objects or 1 to 1 matching) (A-17)
13. Can child tell a penny from a nickel and a dime by naming or pointing when asked? (A-21)
14. Does child offer real-word rhymes to simple words i.e. tree-cap? (A-23)
15. Does child either copy or draw on his own a triangle? (rough O.K.) (A-25)

CREDIT

NO CREDIT

16. Does the child know names of at least 5 things? (not names of people) (C-8)
17. Does child use at least 15 different words in the right way? (C-10)
18. Does child sometimes give his first and last name when asked? (C-16)
19. Does child answer correctly if he or she is a boy or girl? (C-18)
20. Can child tell people (with speech or fingers) how old he is now, how old he was last year and how old he will be next year? (C-24)

BACKGROUND INFORMATION:

SKILL DEVELOPMENT:

PLAY/SOCIAL BEHAVIOR:

DIAGNOSTIC IMPRESSION:

RECOMMENDATIONS:

THE TRANSDISCIPLINARY TRAINING, ASSESSMENT AND CONSULTING MODEL
FOR EARLY CHILDHOOD INTERVENTION

Putnam/Northern Westchester BOCES Department of Special Education is currently operating a Regional Demonstration Program for Preschool Handicapped Children which is funded by the United States Office of Education, Bureau for the Education of the Handicapped, Handicapped Children's Early Education Program. One important component of the classroom program for three and four year old handicapped children is the Transdisciplinary Team Approach. This approach allows a part-time group of clinical staff members to provide maximum input to the classroom teacher regarding diagnosis of child abilities and appropriate goals. This presentation will describe a method of staff training, child assessment and consultation service to teachers which utilizes minimal staff time and effective aids in improving handicapped preschoolers skills.

When providing services for young children, clinical team members such as psychologist, social worker, speech and language therapist and physical therapist are often hired on a part-time basis (one to two days per week). Direct therapeutic services are, therefore, not feasible with each member's limited schedule. The method to be described arose from a need to insure quality services for youngsters by making maximum use of clinical team members time. For this reason, the Transdisciplinary Training, Assessing and Consulting Model was developed.

The model makes use of Transdisciplinary Team Members time in three areas. These include:

- 1) STAFF TRAINING - At the beginning of each school year, each member of the team, including the classroom teacher, presents a workshop which trains other team members. Each team member demonstrates what she assesses in a child and it's implications for the child's classroom and home program. This provides for "role extension", allowing others to understand relevant aspects of other discipline. At early stages of development, many assessments are redundant among team members and test the same item (for example, both the language therapist and school psychologist may test knowledge of colors and shapes). The staff training allows team members to be aware of redundancies and decreases the number of times these items are assessed with the child.
- 2) CHILD ASSESSMENT: An "arena evaluation" then takes place for each child. This evaluation is short and includes all members of the transdisciplinary team, including classroom teacher and parents. The Transdisciplinary Assessment Model developed by the Regional

Demonstration Project Staff is utilized. This assessment utilizes parts of standardized tests as well as informal activities. This assessment reduces redundancy in testing and allows each team member to gain the specific information which she needs to arrive at suggested goals. A transdisciplinary team conference is then held which integrates all information into a systematic record and projects long term goals for the child's IEP. Several children are assessed each day through this approach. The advantage is that all team members have seen the child perform all activities and each has some knowledge of what other members are assessing. Parents and classroom teacher provide additional input as to the child's functioning based on the Portage Guide to Early Education and personal knowledge about the child. This process allows team members to identify possible interrelationships among weaknesses and skills and develop a truly individualized plan. Time is used effectively.

- 3) TEACHER CONSULTATION MODEL: After all the children have been assessed through the use of the Transdisciplinary Assessment Model, team members begin a consultant approach in working with teachers and parents. IEP's are closely monitored, improvement noted and suggestions given. Case conferences for each student occur at least four times a year. The teacher is always aware of the specific needs of the child as they relate to his total being. Each clinical team member practices "role release" and trains and monitors the teacher, parents, aides or parent volunteers in specific activities which should be carried out for each child on a regular basis.

This presentation will provide participants with a hands-on workshop format to learning how to use this model. The model will be reviewed. Participants will receive an outline of staff training workshops and the Transdisciplinary Assessment Model. They will view a videotape of the Project's Transdisciplinary Assessment. A case study will then be presented and small groups asked to identify goals based on the assessment. Participants will be asked to identify areas for "role release" and methods for training staff will be suggested.

TD ASSESSMENTS - DATES

NOTES:

COMPUTATION OF COMPOSITE RAW SCORES

- 1 Enter the *weighted raw scores*, which are in the shaded boxes on pages 2-7 of the record form. For each test, enter the score in the box(es) bearing that test's number. (For example, the score for Test 3 is entered in 2 boxes)
- 2 Sum the scores in each of the 5 columns. Enter the totals in the *composite raw score* boxes at the foot of the page.
- 3 Transfer the *composite raw scores* to the front cover. (Open the booklet and turn it over so that the front and back covers are side by side.) Enter the scores in the Composite Raw Score column in the box labeled "Composite Raw Scores and Scale Indexes."

(For more detailed directions on the completion of the record form, see Chapter 7 of manual.)

				P	F	Other	
51	4.4 (2-6)	H	Eye-hand coordination in reaching				
52	4.4 (2-7)	J	Regards pellet				
53	4.4 (2-7)	K	Mirror image approach				
54	4.6 (3-7)	H	Picks up cube (Check hand preference)				<input type="checkbox"/> Right <input type="checkbox"/> Left <input type="checkbox"/> None
55	4.6 (3-8)	G ¹	* Vocalizes attitudes (Describe)				Pleasure: Displeasure: Eagerness: Satisfaction:
56	4.7 (3-7)	H	Retains 2 cubes				
57	4.8 (3-7)		Exploitive paper play				
58	4.8 (3-8)	E ¹	* Discriminates strangers				
59	4.9 (4-8)	C	Recovers rattle, in crib				
60	5.0 (3-8)	H	Reaches persistently				
61	5.1 (3-8)	E ¹	Likes frolic play				
62	5.2 (4-8)	I	Turns head after fallen spoon				
63	5.2 (4-8)	L	Lifts inverted cup				
64	5.4 (4-8)	H	Reaches for 2nd cube				
65	5.4 (3-12)	K	Smiles at mirror image				
66	5.4 (4-8)	G ²	* Bangs in play				
67	5.4 (4-8)	D ²	Sustained inspection of ring				
68	5.4 (4-8)	D ²	Exploitive string play				
69	5.5 (4-8)	G ²	* Transfers object hand to hand				
70	5.7 (4-8)	H	Picks up cube deftly and directly				
71	5.7 (4-8)	D ²	Pulls string: secures ring				
72	5.8 (4-8)	G ²	* Interest in sound production				
73	5.8 (4-11)	L	Lifts cup with handle				

* May be observed incidentally.

To score: Check P (Pass) or F (Fail). If "Other," mark O (Omit), R (Refuse).

Reported by mother.

Item No.	Age Placement and Range (Months)	Situation	Item Title	Score			Notes
				P	F	Other	
74	5.8 (4-10)	M	Attends to scribbling				
75	6.0 (5-10)	I	Looks for fallen spoon				
76	6.2 (4-12)	K	Playful response to mirror				
77	6.3 (4-10)	H	Retains 2 of 3 cubes offered				
78	6.5 (5-10)	A ¹	Manipulates bell: interest in detail				
79	7.0 (5-12)	G ³	* Vocalizes 4 different syllables				
80	7.1 (5-10)	D ²	Pulls string adaptively: secures ring				
81	7.6 (5-12)	E ¹	Cooperates in games				Note skill at pat-a-cake for Motor Scale item 44
82	7.6 (5-14)	H ¹	Attempts to secure 3 cubes				
83	7.8 (5-13)	A ¹	Rings bell purposively				
84	7.9 (5-14)	N	* Listens selectively to familiar words				
85	7.9 (5-14)	G ³	* Says "da-da" or equivalent				
86	8.1 (6-12)	H ¹	Uncovers toy				
87	8.9 (6-12)	O	Fingers holes in peg board				
88	9.0 (6-14)	L	Picks up cup: secures cube				
89	9.1 (6-14)	N	Responds to verbal request				
90	9.4 (6-13)	L	Puts cube in cup on command (Note number placed)				Items 90, 100, 114 ____ No. of cubes
91	9.5 (8-14)	P	Looks for contents of box				
92	9.7 (8-15)	L	Stirs with spoon in imitation				
93	10.0 (7-16)	Q	Looks at pictures in book				
94	10.1 (7-17)	M	Inhibits on command				
95	10.4 (7-15)	M	Attempts to imitate scribble				
96	10.5 (8-17)	H ¹	Unwraps cube				
97	10.8 (8-17)	E ¹	* Repeats performance laughed at				
98	11.2 (8-15)	M	Holds crayon adaptively				

* May be observed incidentally.

To score: Check P (Pass) or F (Fail). If "Other," mark O (Omit), R (Refused), or RPT (Reported by mother).

Item No.	Age Placement and Range (Months)	Situation	Item Title	Score			Notes
				P	F	Other	
99	11.3 (8-15)		Pushes car along				
100	11.8 (9-18)	L	Puts 3 or more cubes in cup				
101	12.0 (9-18)	G ¹	* Jabbers expressively				
102	12.0 (9-17)	P	Uncovers blue box				
103	12.0 (8-18)	O	Turns pages of book				
104	12.2 (8-19)		Pats whistle doll, in imitation

CRITERIA FOR SELECTION OF CHILDREN INTO THE
BOCES PUTNAM/NORTHERN WESTCHESTER PRESCHOOL PROGRAM

Children to be served are preschool youngsters living in the Putnam/Northern Westchester BOCES area who through screening and diagnostic procedures are determined to exhibit one or more handicapping conditions as defined in the Commissioner's Regulations for School-Age Children in New York State.

- A. Age: Children from birth to age five are served in this program.
- B. Type of Handicap: The handicapping conditions as defined in the Commissioner's Regulations in New York State are listed on attached page.
- C. Geographic Location: Children from the 18 component school districts which BOCES serves are eligible for inclusion in this program.
- D. Screening Results: Children whose parents are concerned about their development and who indicate weaknesses as demonstrated on the Denver Developmental Screening Test are eligible for possible placement into the BOCES Preschool Program. This is determined by the BOCES Preschool Program's central screening committee who makes a summary recommendation and shares this with the parent.
- E. Placement: Final placement is made into the BOCES Preschool Program when the parents' petition to Family Court for tuition and/or transportation is approved by the County Family Court and the State Education Department. This petition includes information regarding the child's handicapping condition. A medical doctor, a psychologist, and the child's school district superintendent recommend placement.

BOARD OF COOPERATIVE EDUCATIONAL SERVICES
Putnam/Northern Westchester Education Center
Yorktown Heights, New York

PRIMARY HANDICAPPING CONDITIONS

DEFINITIONS

1. Educable Mentally Retarded - A child who, on the basis of a comprehensive evaluation, such evaluation to include an individual psychological examination, is determined to possess general intellectual capacity that falls lower than 1.5 standard deviations below the mean of the general population, cannot profit from regular classroom instruction, but may be expected to profit from a special education program.
2. Trainable Mentally Retarded - a child who, on the basis of a comprehensive evaluation, such evaluation to include an individual psychological examination, is determined to possess general intellectual capacity that falls lower than three standard deviations below the mean of the general population, cannot profit from programs established for the educable mentally retarded, but may be expected to profit from a special education program for the trainable.
3. Autistic - A child who manifests a behaviorally defined syndrome which occurs in children of all levels of intelligence. The essential features are typically manifested prior to 30 months of age and include severe disturbances of developmental rates and/or sequences, of responses to sensory stimuli, of speech, of language, of cognitive capacities, and of the ability to relate to people, events, and objects.
4. Emotionally Disturbed - a child whose conditions has been determined to be such by a school psychologist, a psychiatrist, or by an approved mental health clinic.
5. Severely Speech/Language Impaired - a child with unintelligible speech or inability to communicate verbally. Severely speech/language impaired does not include other speech/language impaired children who exhibit a reduced ability to acquire, use or comprehend language, mild stuttering, vocal disorders or articulation deviations.
6. Deaf - a child with a hearing handicap in excess of 80 decibels (ISO) in the better ear whose degree and type of hearing loss is so severe that spoken language cannot be acquired normally and whose receptive and expressive communication skills are so limited that additional supportive services are provided.
7. Hard of Hearing - a child with hearing handicap in the 40 and above decibel range (ISO) whose hearing loss precludes his functioning normally in a regular classroom situation without the supportive services of a resource program.

8. Legally Blind - a child with the visual capacity of 20/200 or less in the better eye with the best correction, or a field of vision restricted to a 20-degree arc.
9. Partially sighted - a child whose visual acuity in the better eye with best correction ranges between 20/70 and 20/200, including those children who can still function capably with their residual vision and who have a medically indicated progressive visual loss, or a recurring serious medical eye problem affecting acuity and operable eye diseases.
10. Physically Handicapped - a child who manifests orthopedic, neurological and other medical conditions which result in inability to benefit from the regular educational programs for nonhandicapped children, without some form of special assistance.
11. Specific Learning Disability - means a disorder in one or more of the basic psychological processes involved in understanding or in using language, spoken or written, which may manifest itself in an imperfect ability to listen, think, speak, read, write, or to do mathematical calculations. The term includes such conditions as perceptual handicaps, brain injury, minimal brain dysfunction, dyslexia and developmental aphasia. The term does not include children who have learning problems which are primarily the result of visual, hearing or motor handicaps, of mental retardation, of emotional disturbance, or of environmental, cultural, or economic disadvantage. A child who exhibits a discrepancy of 50 percent or more between expected achievement based on his intellectual ability and actual achievement, determined on an individual basis, shall be deemed to have a specific learning disability. 7

SAMPLE DAILY SCHEDULE

CLASSROOM PROGRAM FOR THE SEVERELY AND PROFOUNDLY HANDICAPPED

- 8:30 - 9:00 AM - Staff arrive, review schedule and I.E.P.'s
- 9:00 - 9:20 - Children arrive
Socialization, undressing, creative free play,
toileting, handwashing
- 9:20 - 9:50 - Breakfast program -
Accepting food/using utensils
Recognizing own names and classmates' names
Socialization
- 9:50 - 10:10 - Individual and small group language activities -
Classroom teacher and aide work with each child
daily, on individual objectives taken from
I.E.P.'s. (These are evaluated monthly).
- 10:10 - 10:20 - Toileting, recognizing objects, manual communication,
handwashing
- 10:20 - 10:40 - Motor activities -
Puzzles
Blocks
Pegs
Walking
Running
- 10:40 - 11:00 - Self care
- 11:00 - 11:10 - Toileting, handwashing
- 11:10 - 11:30 - Communication -
Responding to name
Following simple directions.
- 11:30 - 11:45 - Children Depart -
Staff Planning, Record-Keeping, Case Conferences

NOTE: Activities are highly individualized and are conducted with a ratio of one staff member for each two children.

CLASSROOM PROGRAM FOR THE MODERATELY RETARDED

III-E

12:15 - 12:30

- Staff arrive; review schedule and I.E.P.'s

12:30

- Children arrive
Socialization, dressing and undressing, creative free play.

12:30 - 12:50

- Opening Exercises -
Talking in group situations
Naming days, months, seasons and holidays
Recognizing own names and classmates' names
Sharing experiences.

12:50 - 1:20

- Individual and small group activities -
Classroom teacher works with each child daily, on individual objectives taken from I.E.P.'s. (These are evaluated monthly).
Support staff works with small groups on structured arts and crafts and gross motor activities.

1:20 - 1:30

- Toileting, washing

1:30 - 1:50

- Circle Time -
Structured activity in one of the skill areas.
Children are encouraged to take part at their own level of development.
Music - instruments, songs and finger play.

1:50 - 2:10

- Outdoor play -
Gross motor activities - playing ball, climbing, running, etc.

2:10 - 2:20

- Rest Period -
Children rest quietly while looking at books and listening to music.

2:20 - 2:30

- Snack Time -
Focus on social amenities and communication.

2:30 - 3:00

- Children Depart -
Staff Planning, Record-Keeping, Case Conferences

SUBJECT: Reminder of Our Program's Responsibilities for IEP's and Reports to Students' Home Districts

II-E-5

As you know, we are responsible to generate an IEP for each student who enters our program and conference the IEP with the parents within 30 school days of the entry of a student.

On _____, you entered a student _____ in your program. I enclose a copy of three (3) forms for your use in fulfilling our obligations. These Forms are:

1. "Work Copies" of pages 1, 2 and 3 of our BOCES IEP Document.
2. Final IEP documents, pages 1, 2 and 3.
3. Two-part "Report of Parent-Teacher IEP Conference" form

Using these documents, please do the following for the above listed student:

- a. Complete the IEP document and review your completed forms with your supervisor.
- b. Schedule the Parent IEP conference and inform your supervisor. At the same time, ask your supervisor for the name and phone number of the student's home district's liaison officer, if you have parental release to contact the district.
- c. Call the liaison officer of that district and notify that person of the time and place of the IEP meeting so a district representative may attend, if desired.
- d. Hold the IEP conference. REMINDER: Discuss all requests for major change in the IEP with your supervisor prior to writing them on the IEP.
- e. Complete a "Report of Parent-Teacher IEP Conference" Form.
- f. Rip off the last pink copies of the IEP sheet for the student and staple them together.
- g. Rip off the second sheet of the "Report of Parent-Teacher IEP Conference" form.
- h. Put both the IEP copies and the Report of the IEP Conference in an envelope and send that to Mary Forester at the Special Education Office at the School Services Building. Mary will send the copies of your data to the appropriate officer of the home district Committee on the Handicapped for the committee's information and records.

REMINDER!!! These forms are due to Mary Forester by _____.

Please call your supervisor if you have any questions or problems with these procedures.

Thanks for your close professional attention to this rather complicated procedure.

MEMORANDUM

Putnam/Northern Westchester Education Center • Yorktown Heights, New York 10598

245-2700

TO: Preschool Teachers and Clinical Staff
FROM: Amy L. Toole
DATE: December 13, 1979
SUBJECT: Mid-Year IEP Reviews

PLEASE READ CAREFULLY AND USE ON DATE OF CONFERENCE -

Please plan the following date that your team will spend the entire day reviewing all of your student IEP's:

Thursday, January 17th	-	Dee LaFontaine's Team
		Kathy Petisi's Team
Friday, January 18th	-	Kathy Holmstrom's Team
Monday, January 21st	-	Ellen Boehm's Team
Any of the above dates	-	Home Program

Use the attached form for your review. A usual time framework is to spend about 15 minutes a child. Procedures should be as follows:

1. Teacher reviews strengths, weaknesses and other relevant information on Page 1 of IEP.
2. Teacher reads long term goals and states at what level of achievement she feels child is at.
3. Team suggests additions and deletions.
4. Speech therapist reads her long term goals.
5. Short term goals are reviewed and discussed in terms of appropriate methods, etc.
6. Suggested placement for next year is discussed.
7. Team responsibilities are assigned.

Responsibilities include:

1. If the child is graduating and projected placement is regular nursery school or Kindergarten, the teacher will plan to receive permission from parent to visit placement. (Follow procedures on attached sheet).

2. If the child is graduating and special services are projected, the teacher plus another team member should schedule a parent conference. If parent agrees to investigate placement, a designated member of the team should contact liaison and request a representative of COH visit the program. A date for the COH agenda should also be scheduled.

3. If the child is returning, the teacher should obtain a new HC-23 Form from parents.

At the conclusion of the day, you should have completed:

1. The attached mid-year IEP review form.
2. A very tentative class list for September of returning students.
3. Updated IEP's.

Please return #1 and #2 to me.

I will be available on those days and will visit each program for some of your discussions. If I am not at your site and you have a question, please call.

Staff Responsibilities for the Day:

1. Teacher reads and updates IEP's.
2. Psychologist refers to file during discussion to be sure all records are available, recommendations of the past have been followed up, etc.
3. Social Worker completes results of mid-year IEP Review Form.
4. Speech Therapist reads and updates speech and language goals.
5. Teacher sends me mid-year review form and tentative class list at the end of the day.

Important Notes:

1. Do not plan on any five year old staying in our program. I am working with Dr. Irvine on developing a new program which would meet their needs, so plan on referring them to COH's for possible placement.

2. All HC-23's on returning students are to be completed and returned to me by February 15th. We can always void them later if the child does not return but it would be better for me to have them.

Thanks so much for your help.

BOARD OF COOPERATIVE EDUCATIONAL SERVICES
Putnam/Northern Westchester Education Center
Yorktown Heights, New York

BOCES PRESCHOOL HOME-TEACHING PROGRAM

The BOCES Preschool Home-Teaching Program involves weekly visits made by four Home-Trainers to about 40 children, ages birth - school age. Emphasis is placed on having parents participate in providing highly structured and individualized tasks for their own children. The obvious advantage is that learning occurs in the child's natural environment. The most important advantage is that parents become more effective as parents by developing appropriate expectations and consistent methods of behavior management. Whenever possible, this program is coordinated with other agencies who are involved with the individual child in an effort to meet his specific learning needs by coordinating all the experience he/she receives.

Placement in Home-Teaching is recommended for the following three reasons:

1. The child is chronologically or developmentally too immature for a group classroom experience.
2. The presenting difficulty is the child's interaction with the family and the child's behavior in the home.
3. The child is able to function in a regular nursery school or child care center if he is supported by a Home-Trainer at home and in his class. This reason for participation in the Home Program allows the child to remain in the least restrictive environment while receiving an appropriate individualized educational program.

The weekly visits are patterned after a model of home-based intervention developed by the Portage Project for Early Childhood Education for the Handicapped in Portage, Wisconsin. This project has received national validation as to its positive impact on children and their families by the United States Office of Education.

A typical visit includes the following steps:

1. The parent and child demonstrate their weekly activity for the Home-Trainer.
2. The parent reviews and interprets the charting he/she has done on the activity sheet during the last week.
3. The Home-Trainer presents and models a new weekly activity.
4. The parent and child demonstrate the new activity.
5. The Home-Trainer reviews the new activity sheet for recording.
6. The Home-Trainer conducts various planned activities to promote all developmental skills and parent-child interaction.
7. Private follow-up conversation or phone call allows direct parent feed-back without child's awareness (only when appropriate).

The Home-Teaching Program works closely with related agencies to provide them with information regarding child development and maintain a larger dimension of general awareness of early childhood development and methods of identification of special learning needs. The Home-Teaching Program has conducted the following activities for related agencies:

1. On-site screenings as a training experience for them.
2. Work-shops for agency staff or parents.
3. Consultation services concerning possible referrals.

These activities are conducted with local Day Care Centers, Head Start Centers, Women's Centers, Department of Social Services, Child Protective Service and various nursery schools. They have served to identify children at early ages in need of special services and provide a vast public relations foundation for BOCES Preschool classroom programs. They also help to facilitate future placement. A close working relationship has been developed with area agencies as a result of these activities.

Home Teaching Program

A teacher and three part-time aides provide direct teaching services in the home for preschoolers whose handicapping conditions warrant a home-based program. The home trainer works with the child and parents to identify, prescribe and implement an individualized remedial program. Based on the diagnostic evaluation, an Individualized Educational Plan is written for each child. The parent and home trainer choose goals for the child and these goals are then written in in the form of prescriptions for the parent to follow during the week.

A typical home visit includes the following: the home trainer obtains data to determine how well the child can perform a certain task which is appropriate to his remedial program. The parent observes the child and teacher working on the task and then the parent works with the child on the same task under the guidance of the home trainer. At the end of the session, the parent is provided with a written teaching prescription which gives a detailed description of the task and method to teach it. During the next visit, the trainer checks the chart and again readministers the test. If the child has mastered the skill, the trainer sets up a new goal or goals to be achieved during the following week.

This prescription process and record helps the home trainer see how the child has progressed during the week, and helps the parent to see that the child is learning. The procedure used for the home-teaching program is a replication of the curriculum and training that is used in the Portage Project for Early Childhood Education, which is funded by a grant of the United States Bureau of Education for the Handicapped. All of the Preschool staff has been specifically trained in this curriculum and training model (see Appendix E).

One very important advantage of the Home Teaching Program is that in working with the parent, who then teaches the child, the parent learns more effective parenting and teaching skills. Another advantage of the Home Teaching Program is that learning occurs in the natural home environment. The Home Program allows time in the child's routine for attendance at regular nursery school, if appropriate, and allows children to be placed in the least restrictive environment, while receiving specialized services. The home trainer also works with the nursery school teacher to establish the most beneficial program for the child.

A second component to the Home Teaching Program is weekly group parent training sessions. On one day a week a parent training lecture, demonstration and/or workshop is held concerning such topics as child development, child management, community resources, assessment, and the creation of appropriate child activities in the home. These sessions are approximately two hours in length and are held in a central location for all parents. The workshops are based on the model which was developed by the P.E.E.R.S. Project (Parents are Effective, Early Education Resources), which is also supported by the United States

Bureau of Education for the Handicapped as a demonstration project and model program in early childhood education. The lectures and workshops will be based on the training manuals which have been developed by the P.E.E.R.S. project and which outline specific teaching of parents in each of the areas mentioned above.

The benefits of holding weekly group parent meetings are several. First, the parents get to meet other parents who also have children with handicapping conditions. Second, the parents gain relevant knowledge through the workshops. The most important advantage, however, is that this time allows an opportunity for all of the children in the Home Teaching program to be brought together, thus allowing the Home Teaching staff to observe the behavior of each child in a group situation to receive feedback from other staff members regarding children's skill and ability levels.

Another major advantage of the Home Teaching Program is that many of the children are able to attend a regular nursery school setting. When this occurs, the Home Teaching staff also works with the nursery school teachers. In the past, approximately 50% of the children who were involved in the Home Teaching Program also attended a regular nursery school program.

The Home Teaching Program therefore offers a parent and child an hour and a half to two hours of individualized instruction in the home based on an Individualized Educational Plan plus an additional two hours of parent training, child observation and peer interaction per week.

PART IV - SERVICES TO PARENTS

The preschool project aims at enhancing and developing the parent-child relationship. Parent involvement can take many forms, including parent meetings, conferencing and observation of the classroom. Participation and communication is stressed to insure coordination of efforts between home and school. The Parent Volunteer System has been piloted in our program and is being field tested at other similar programs in New York State.

- A. Parent Goals
- B. Parent Needs Assessment
- C. Parent Orientation Procedures and Packet
 - 1. letter from teacher
 - 2. annual health examination/family information sheet
 - 3. permission for video taping/photographs
 - 4. permission for walk in community
- D. Sample Schedule of Parent Meetings
- E. Parent Questionnaire on Visit to Classroom Program
- F. Parent Group Meeting Questionnaire
- G. Parent Satisfaction Questionnaire
- H. Parent Volunteer System Description
- I. Parent Volunteer System Questionnaire

It is important for us to know what you as parents feel would be important to learn while your child is in our program. The purpose of this form is to find out what activities would be most important to you so that we can develop our parent program for the year based on your needs.

Please complete the questionnaire by placing a check in one column for each item.

	VERY IMPORTANT	SOMEWHAT IMPORTANT	NOT IMPORTANT
TYPES OF MEETINGS:			
1. Group meetings in the day			
2. Group meetings at night			
3. Meetings just for fathers			
4. Meetings just for mothers			
5. Meetings for both parents			
6. Individual conferences with teacher and members of the team			
POSSIBLE TOPICS FOR MEETINGS			
1. Activities to do at home			
a. Gross motor skills: these are large muscle skills such as sitting up, walking, jumping, etc.			
b. Fine motor skills: these are small muscle skills such as grasping objects, working puzzles, feeding, etc.			
c. Social skills: these are skills such as sharing and playing with children and adults			
d. Self-help skills: these skills eventually make the child independent. Some examples are dressing, undressing, feeding and toileting.			
e. Pre-academic skills: these skills prepare the child for school. Some examples are matching objects, sorting objects, counting objects, naming colors, etc.			
f. Language skills: these are communication skills which involve the ability to understand others and to make oneself understood.			
2. What we do in the classroom			
3. Services available in the community			
4. Description of tests we use			
5. Information on child development			

(OVER)

6. How to involve brothers and sisters in your child's education
7. Exchange practical suggestions from other parents
8. Laws and your children's rights
9. Labels - meanings pros and cons
10. Question and answer time with
 - a. Pediatric neurologist
 - b. Ophthalmologist
 - c. Audiologist
 - d. Speech therapist
 - e. Physical therapist
 - f. Psychologist
 - g. Other
11. Panel of parents of children who have graduated from Preschool
12. Meeting with the Director of Special Education
13. Suggestions for ys at home
14. What to tell other people about your child and his program
15. Videotapes of your child's day
16. Behavior modification
17. How to maintain your own identity and growth when you have a special child
18. The emotional development of the preschooler

Please list any other topics of interest to you.

PARENT ORIENTATION PROCEDURES:

Teacher and/or Social Worker/Family Liaison provides parents with the following information after the child has been accepted into the program and before the child begins:

1. Description of Program - include home training, classroom and supportive services.
2. Description of daily classroom routine or routine of home visit.
3. Discussion of parental responsibilities:
child attendance, participation in observations, group meetings, IEP meetings, volunteer work.
4. Discussion of laws relating to early childhood education of the handicapped, busing, parent rights, procedures for seeing records, confidentiality.
5. Discussion of funding source and purpose of program.
6. Discussion of handouts:

Dear Pre-School Home Program Parents:

We are happy to begin a new school year with you. Mary Smyth, Margot Noschese and I are eager to begin our schedule of home visits.

Enclosed you will find a calendar of our school days, a family information sheet, a record form for an annual health examination and a release form for us to include your child in pictures taken of our program. If you have any questions or concerns about these forms, please speak with Mary, Margot or me about it.

Thank you for your interest and cooperation in these matters..

Sincerely,

Jacquelyn O. Jones
Pre-School Home Teacher

THE PARENT VOLUNTEER SYSTEM:
EFFECTIVE HELP IN THE PRESCHOOL CLASSROOM SETTING

Putnam/Northern Westchester BOCES Department of Special Education is currently operating a Regional Demonstration Program for Preschool Handicapped Children which is funded by the United States Office of Education, Bureau for the Education of the Handicapped, Handicapped Children's Early Education Program. One important component of the classroom program for three and four year old handicapped children is The Parent Volunteer System. This presentation will describe this system which is a specific approach to training and using parents as volunteers in a classroom setting. Teachers and administrators will be trained to initiate a volunteer program in their setting.

The use of volunteers is often cited in the literature as a method of decreasing costs of aides and increasing adult-child ratio. Yet few specific instructions or systems exist for implementing an effective volunteer system. Parent participation is also cited in the literature as essential in early childhood programs. A variety of models are suggested for involving parents. These include home training, parent groups, parent conferencing and counseling, and parent observations in the classroom. The Putnam/Northern Westchester BOCES Regional Demonstration Program utilizes all of these approaches but has also initiated The Parent Volunteer System. This system has decreased the cost of teacher aides for the program, as well as, increased parent effectiveness in working with children.

Having parents volunteer gives them the opportunity to learn to teach certain skills and learn to work with children, in groups and individually. It also allows parents to have the opportunity to see and learn about their child in a surrounding other than home. On the practical side, parent volunteers increase adult-pupil ratio and eliminate or decrease the number of teacher aides needed in a program. Using parents as volunteers eliminates some of the problems encountered with community volunteers such as a lack of motivation because no reward (monetary or other) is offered. Consistency may also be lacking, since community volunteers may not feel a responsibility to attend regularly.

The methodology utilized in the Parent Volunteer System helps to insure motivation and consistency. One reason for this is that the system is truly a volunteer system. Parents are asked to volunteer only if they feel it would be helpful to them. They are given responsibilities from the start. They are asked to choose one half day a week in which they will volunteer. They are given a list of parent substitutes and asked to be responsible for getting a substitute if they cannot attend that day. Initial parent group training is given and reviews such topics as confidentiality, daily routine and training children with special curriculum materials.

A card file of Parent Participation Plans (PPP) with specific instructions for each day of the month has been developed by this project and forms the major portion of the volunteer system. Parents come in and pick up their card. The card has specific instructions for the day for the parent. This eliminates the parent interrupting the teacher through the daily routine and provides the parent with visual, concrete instructions to refer to. Parents are given a notebook to write down questions and concerns. These are discussed at the end of the day. Parent Volunteer Training Workshops are given one-half hour a month, directly following the large group parent meetings.

Feedback received from parents has indicated that they are more aware of their child's learning and social-behavioral abilities and activities in the classroom. They are also able to follow through on many more appropriate activities at home and they have learned more effective ways of working with, as well as, handling behavior and stimulating language and cognition. The parents feel that their children are now comfortable being in a group setting with a parent present.

The format of this presentation will be a workshop. Participants will be taken through initial parent volunteer orientation and be taught to write PPP's. Participants will receive an instruction manual which gives directions for utilizing the system, a guide for and outlines of parent workshops, and sample PPP's. Transparencies and hands-on materials will be available. A parent will be on the panel to provide direct input to participants as to the parent's point of view. Upon completion of this workshop, participants should be able to implement the Parent Volunteer System in their setting.

PRESCHOOL PROGRAM

Parent Volunteer System Questionnaire

Please take this questionnaire home with you and return it by Friday, June 8th, to Mrs. Boehm. We appreciate your taking the time to complete this, since your answers will help us design a system which is beneficial to you and other parents.

The questionnaire is divided into two parts. Part I asks you to evaluate the system itself; Part II asks you to evaluate what the system did or did not do for you as a parent.

PART I

1. Why did you volunteer?

2. Rate the following aspects of the system.

	<u>Very</u> <u>Helpful</u>	<u>Helpful</u>	<u>Not</u> <u>Necessary</u>	<u>Not</u> <u>Helpful</u>
a) Training Sessions	_____	_____	_____	_____
b) Job Cards	_____	_____	_____	_____
c) Parent Notebook	_____	_____	_____	_____
d) Opportunity to meet with Teacher after School	_____	_____	_____	_____

3. If you rated any of the above aspects "not helpful" please comment as to why.

4) a) List what you consider to be the STRENGTHS of the system:

- 4) b) List what you consider to be the WEAKNESSES of the system:

- 5) What changes would you like to see in the system for next year?

- 6) Do you feel a monthly training program would be helpful?

YES _____ NO _____

If yes, what topics would you like to see included:

PART II

1. Has the Volunteer System been beneficial for you?

YES _____

NO _____

If yes, in what ways?

If no, what was wrong with the system:

2. Did you enjoy volunteering?

YES _____

NO _____

SOMETIMES _____

If no or sometimes, comment as to why:

3. If your child was to be enrolled in the program again, would you volunteer again? YES _____ NO _____ MAYBE _____

Why?

4. Did this experience give you a better understanding of your child's needs?

YES _____

NO _____

If yes, give examples:

Did the experience give you a better understanding of your child's abilities?

YES _____

NO _____

If yes, give examples:

5. Do you feel more comfortable about working with a group of children?

YES _____ NO _____ SOMETIMES _____

If yes, did you learn any specific methods which make you feel more comfortable?

Please List:

6. Do you feel that you know about more activities that you can use with your child at home?

YES _____ NO _____

If yes, give examples:

7. a) Do you feel that you understand the steps that a preschool child goes through in learning different skills as a result of volunteering?

YES _____ NO _____ SOMEWHAT _____

- b) Is there any particular knowledge that you gained about children and how they develop by volunteering?

☒ YES _____ NO _____

If yes, please explain:

8. The Preschool Program is very structured and follows a daily routine. Did you find this -

a) Helpful in observing your child

YES _____ NO _____

b) Made it easier to work with the children

YES _____ NO _____

c) Beneficial for the children

YES _____ NO _____

d) Confusing for the children

YES _____ NO _____

List any other benefits of the daily routine:

List any problems you encountered because of the structure:

COMMENTS:

Thank you for your help in evaluating our Parent Volunteer System. The system was designed to give us more help in the classroom and to give you a better understanding of our Program and your child. We hope it has been helpful.

Have a good summer.

Sincerely,

Ellen Boehm and
Amy Toole

PART V - STAFF DEVELOPMENT

Staff Development is an important facet of the Preschool Program. Communication between administration and staff regarding policies and procedures is accomplished through regular staff meetings.

A formal needs assessment of all teaching and clinical personnel is conducted at the beginning of the school year. The results are reported to the staff and workshops are scheduled to meet those needs. Evaluation of the workshops is essential to evaluate the effectiveness of the staff development program.

- A. Staff Needs Assessment
- B. Goal Summary Sheet
- C. Transdisciplinary Training Workshop

STAFF NEEDS ASSESSMENT

V-1

The purpose of this form is to identify what inservice training activity would be most important to you this year, so that a staff training program can be developed based on your needs.

Please complete this questionnaire by placing a check in the appropriate box on the right-hand side.

	<u>IMPORTANT</u>			<u>AIDE SHOULD ALSO ATTEND</u>
	<u>VERY</u>	<u>SOME WHAT</u>	<u>NOT</u>	
1. The emotional development of the preschool child	_____	_____	_____	_____
2. Language development of the preschool child	_____	_____	_____	_____
3. Cognitive growth of the preschool child	_____	_____	_____	_____
4. Methods of individualization -- methods of teaching and record-keeping	_____	_____	_____	_____
5. Stimulating language in the classroom environment	_____	_____	_____	_____
6. Running parent groups	_____	_____	_____	_____
7. Training paraprofessionals	_____	_____	_____	_____
8. Ideas for arts and crafts activities	_____	_____	_____	_____
9. Materials sharing	_____	_____	_____	_____
10. Parent conferencing techniques	_____	_____	_____	_____
11. Review of the laws	_____	_____	_____	_____
12. Brainstorming sessions for ideas to use with particular children	_____	_____	_____	_____
13. Community agencies - who are they and what do they do?	_____	_____	_____	_____
14. Overview of other preschool programs for the handicapped	_____	_____	_____	_____

OTHER SUGGESTED TOPICS FOR TEACHERS, TEAM AND/OR AIDES

SUGGESTED SPEAKERS

BOARD OF COOPERATIVE EDUCATIONAL SERVICES
Putnam/Northern Westchester Education Center
Yorktown Heights, New York

TRANSDISCIPLINARY TRAINING WORKSHOP

March 29, 1979

Role of Team Members in Arena Evaluation -

Attending: Amy Toole, Ellen Boehm, Carol Eagen, Linda Fleck, Elaine Zucchi,
Fran Vandenberg.

SPEECH AND LANGUAGE EVALUATION -

There are essentially six overlapping aspects to a speech and language evaluation. They include:

- I - Pertinent History
 - a) Medical History
 - b) Family History
 - c) General description of child's behavior, likes and dislikes as well as impressions of child's interaction with family members.
- II - Child's behavior during evaluation including attention span, eye contact, use of toys, response to adults.
- III - Auditory skills

Based on the child's behavior, speech and language skills and history, it should be determined if an auditory disorder is a possible contributing factor and if formal auditory testing should be recommended.
- IV - Speech Skills

Intelligibility of speech is examined and a determination is made as to contributing interfering factors.
- V - Peripheral Speech System

The speech mechanism is examined and structural and functional disorders are noted to determine if they are significant in contributing to overall speech/language profile.
- VI - Language Skills

Prelanguage skills as well as language skills including content form and use are evaluated.

The information for the evaluation is obtained from:

- I - Parent Interview
- II - Child Interview - including formal and informal testing procedures.
- III - Reports from other professionals of other disciplines

Impressions and recommendations are made based on the child's total profile. Judgements as to how the speech and language skills of the child relate to other developmental levels effect the speech/language program.

ROLE OF THE SOCIAL WORKER IN FORMULATING FAMILY INTERVENTION PLAN -

Linda spoke about assessing the social/emotional development of the child. The social worker's role concerns the impact of the special needs child upon the family. Underscored was the importance of the initial interview with the family in order to ascertain:

- a) What the family sees as the child's problem.
- b) What they have done to alleviate the problem.
- c) What emotional/financial social resources family has to assist them.

Use of the genogram was explained to provide map for social work intervention.

ROLE OF THE PSYCHOLOGIST IN THE TD ASSESSMENT -

As my part of the TD assessment, I am focusing on the child's present level of intellectual and perceptual functioning, his reaction to a structured test situation and social-emotional development, especially as it pertains to his style of interaction in a learning situation.

My assessment is designed to describe the child's preferred or best developed mode for learning as well as areas of weakness for the purpose of appropriate educational planning. I shall also consider the need for referral to other specialists for visual, audiometric, physical, etc. evaluations.

Tests to be administered shall include the Bayley Scales of Children's Development, Standord-Binet Intelligence Test, form L-M, McCarthy's Scale of Childrens Abilities and Wechsler Preschool Primary Scales. In many instances, different subtests from a variety of tests shall be used to insure that we measure the highest level of functioning in all areas under consideration.

The premise underlying this approach is simply that learning styles take shape from infancy on. This, combined with a child's temperament and sensitivity to stress, give us vital information to help in planning an educational program he can respond to with enthusiasm and success.

BJ/LF/EZ:mf

PART VI. - DEMONSTRATION AND DISSEMINATION

The preschool program is funded by the Bureau for the Education of the Handicapped as a demonstration program.

The objective is to create awareness of the need for and availability of services for preschool handicapped children. Awareness activities include workshops on early intervention, orientation sessions and on-site visits. Specific training to other early childhood programs is also available.

- A. Objectives
- B. Outreach - Demonstration & Dissemination Items
- C. Outline for Presentation to School Districts
- D. Outline for Presentation to Physicians
- E. Contents of Visitor Orientation Packet
- F. Letter describing services to parents
- G. Procedures for Replication

The objectives for the second year of this regional demonstration program include:

1. To evaluate each child's developmental level and to design an Individualized Educational Plan (I.E.P.) for each child.
2. To adopt curriculum material to form the basis of the instructional program.
3. To develop and demonstrate a classroom program and a home training program to meet the specific needs of preschool handicapped children.
4. To demonstrate a service delivery model that may be observed by interested educators, legislators, and other community leaders.
5. To provide consultation and assistance to other intermediate units and local school systems which choose to adopt this service delivery model.
6. To develop and demonstrate a program of field experience to prepare physical therapists to work with preschool children in a public school setting.
7. To demonstrate support services which will assist area preschool programs, nursery schools and day care centers to integrate handicapped children into their programs.
8. To involve BOCES staff and local district staff in the development of each handicapped child's specific programs to insure that the child's placement upon reaching school age is in the least restrictive environment and that the transition is made smoothly.
9. To increase the effectiveness of parents in facilitating the development of handicapped children.
10. To begin a process redesigning of the curriculum as necessary based on how graduates of the program are performing in their subsequent school placements.
11. To seek alternative funding sources for long-term continuation of services to preschool handicapped children in the Putnam/Northern Westchester area.

BOARD OF COOPERATIVE EDUCATIONAL SERVICES

YORKTOWN HEIGHTS, NEW YORK 10593 (914) 245-2700

V1-2

Donald F. Rielle
Acting District Superintendent

Raymond A. DeFao
Deputy Superintendent

Paul Irvine
Director
Special Education

July 20, 1979

Dear Project Director:

The purpose of this letter is to describe the services and materials which our early childhood program can make available to other programs.

Putnam/Northern Westchester BOCES offers a variety of services to the preschool handicapped child and his family. These services have been made available since January, 1976, through Title VI-B monies administered by the State Education Department, and during this past year, supplemented by demonstration funds from the Office of Education, Bureau of Education for the Handicapped. Next year, services to children and their parents will be made available through funds obtained by parents petitioning Family Court. The funds obtained from the Bureau of Education for the Handicapped will be used specifically to provide demonstration and dissemination of products and methods which have been developed.

One goal of our program to provide assistance to new early childhood projects in New York State.

I would appreciate your reviewing the attached sheet, indicating any areas of assistance which might be of interest to you or your staff and returning this sheet to me at your earliest convenience. I will then contact you by phone regarding the specific services or materials which you have requested. It is our hope that we can be of assistance to you and the staff of your early childhood program for the handicapped.

Sincerely,

Amy L. Toole, Supervisor
Preschool Programs for Children
with Special Needs

THANK YOU

PART VII - EVALUATION

Demonstrating effectiveness of the intervention provided to preschool handicapped children is necessary to justify the expenditure. Evaluation of program effectiveness in meeting its stated goals is necessary and required. This project is utilizing Capla Associates to design and implement its evaluation. The impact of the effectiveness of this design will be evaluated toward the completion of the project.

- A. Services for Children
- B. Staff Development
- C. Services for Parents
- D. Demonstration & Dissemination

PRE-SCHOOL HANDICAPPED PROGRAM EVALUATION DESIGN

SUMMARY TABLES

**SUMMARY TABLE OF EVALUATION DESIGN FOR PRE-SCHOOL HANDICAPPED PROGRAM
CLASSROOM PROGRAM-PROCESS VARIABLES**

KEY VARIABLES	TARGET GROUP	PROCEDURES AND INSTRUMENTS	CRITERIA	PROPOSED TIMELINE	PERSON(S) RESPONSIBLE
Description of PSHP Core Elements	All PSHP Classrooms	Utilization of Hall and Louck's Innovation Configurations Model	N/A	Jan.-Feb. 1980	Capla staff in collaboration with PSHP staff
Frequency of Use of Core Elements	All PSHP Classrooms	a) Time-sample observations of PSHP classrooms using the Core Elements Observation Checklist b) Completion of IEP Conference Summary Report c) Completion of Parent Service Record	Staff will establish criteria; discrepancy between expected and actual level of implementation of all Core Elements will not exceed 5 percent	Apr.-May 1980	Capla staff will conduct observations and necessary data analysis; PSHP staff will collect IEP and parent service data
Technical Understanding of Innovation	All PSHP staff	Assessment of staff knowledge and abilities; using Staff Questionnaire with a Likert-type rating scale	90 percent of staff will demonstrate a technical understanding of PSHP and its core elements by overall mean ratings of 4.0 or above on a 5-point Likert Scale	Administer in Apr.-May, 1980	Capla Staff will conduct data collection and analysis

*Note: The collection of data for all the key variables described in this section will result in an aggregated score or index of implementation for each of the nine PSHP classrooms.

SUMMARY TABLE OF EVALUATION DESIGN FOR PRE-SCHOOL HANDICAPPED PROGRAM
CLASSROOM PROGRAM-PROCESS VARIABLES (CONTINUED)

KEY VARIABLES	TARGET GROUP	PROCEDURES AND INSTRUMENTS	CRITERIA	PROPOSED TIMELINE	PERSON(S) RESPONSIBLE
Values Internalization of Innovation	All PSHP staff	Assessment of staff attitudes and perceptions using the Staff Questionnaire with a Likert-type rating scale	90 percent of staff will demonstrate values internalization of PSHP and its core elements by overall mean ratings of 4.0 or above on a 5-point Likert Scale	Administer in April/May, 1980	Capla staff will conduct data collection and analysis
Receptivity of Parents and Staff to Innovation	All PSHP staff and those parents involved in the Parent Volunteer System	Assessment of level of satisfaction of parents and staff using Parent Volunteer System Questionnaire and Staff Questionnaire, respectively, both with Likert-type rating scales	90 percent of both staff and parents will demonstrate satisfaction with program by overall mean ratings of 4.0 or above on a 5-point Likert scale	Administer in April/May, 1980	PSHP staff will collect parent data; Capla staff will collect data from PSHP staff and conduct data analysis

**SUMMARY TABLE OF EVALUATION DESIGN FOR PRE-SCHOOL HANDICAPPED PROGRAM
CLASSROOM PROGRAM-OUTCOME VARIABLES**

KEY VARIABLES	TARGET GROUP	PROCEDURES AND INSTRUMENTS	CRITERIA	PROPOSED TIMELINE	PERSON(S) RESPONSIBLE
ains. in general cognitive, motor, social, and language development	All students for whom pre/post measures have been obtained during either the 1978-79 or 1979-80 school years; A stratified random sample will be used for case studies	a) Norm-referenced analysis using McCarthy Scales of Children's Abilities; b) Development of case studies using records' review and interviews/questionnaires; c) Document and review records of other services received by students	1) Statistical significance to .05 level; 2) Educational significance: a) Size of effect greater than one-third standard deviation of norm group; b) Expert testimony. 3) Students will not receive more than 3-4 hours of additional services per week	Pre- and post-tests with the McCarthy Scales in October and May, respectively; Ongoing record-keeping procedures for case studies	PSHP staff will conduct data collection; Capla staff will perform data analysis on 1979-80 data and will reanalyze data from 1978-79 using comparable techniques
Maintenance of student gains	1979 graduates of the PSHP for whom there are pre/post measures in the 1978-1979 data base	Norm-referenced analysis using McCarthy Scales of Children's Abilities	Students have maintained at least the same level of percentage standing as occurred on post-test, in May, 1979	Administer test in April, 1980	PSHP staff will conduct data collection; Capla staff will perform data analysis

SUMMARY TABLE OF EVALUATION DESIGN FOR PRE-SCHOOL HANDICAPPED PROGRAM
CLASSROOM PROGRAM-OUTCOME VARIABLES (CONTINUED)

KEY VARIABLES	TARGET GROUP	PROCEDURES AND INSTRUMENTS	CRITERIA	PROPOSED TIMELINE	PERSON(S) RESPONSIBLE
Mastery and maintenance of educational objectives in primary area(s) of need	All students in classroom program	Modified multiple baseline analysis/time series design using IEP objectives checklist for students' primary area(s) of need	At least 80 percent of students will master all objectives in primary area(s) of need and will demonstrate maintenance of skills at an 80 percent level	Two tests prior to treatment; one test upon mastery of skill and one again no more than six months later for maintenance	PSHP staff will conduct data collection; Capla staff will perform data analysis
Relationship between level of implementation and student gains	All PSHP classrooms	Analysis of variance using the classroom's index of innovation usage and the McCarthy Scales of Children's Abilities	Statistical significance to .05 level between high versus low implementers on levels of student achievement	Index determined by May, 1980; McCarthy tests given in May, 1980	PSHP staff collect test data; and Capla staff will collect implementation data and perform necessary data analysis

SUMMARY TABLE OF EVALUATION DESIGN FOR PRE-SCHOOL HANDICAPPED PROGRAM
HOME TEACHING PROGRAM-OUTCOME VARIABLES

KEY VARIABLES	TARGET GROUP	PROCEDURES AND INSTRUMENTS	CRITERIA	PROPOSED TIMELINE	PERSON(S) RESPONSIBLE
Gains in students' mental, motor, social, and language development	All students for whom pre/post measures have been obtained during the 1979-1980 school year	Norm-referenced analysis using Bayley Scales of Infant Development for students 2-30 months and McCarthy Scales of Children's Abilities for students 2½ years and older	1) Statistical significance to the .05 level; 2) Educational significance: a) Size of effect greater than one third standard deviation of norm group; and b) Expert testimony	Pre-test on entry to the program; Post-test on exit from the program	PSNP staff will conduct data collection; Capla staff will perform data analysis and prepare necessary reports
Mastery and maintenance of educational objectives in primary area(s) of need	All students in Home Teaching Program for whom pre/post measures are available	Modified multiple baseline analysis/time series design using IEP objectives checklists and the home activity plan for the students' primary area(s) of need	At least 80 percent of the students will master all specified objectives in primary area(s) of need and demonstrate maintenance of skills at 85 percent level	Two tests prior to intervention; one test upon mastery of the skill and one test no more than six months after for maintenance	PSNP staff will conduct data collection; Capla staff will perform data analysis

SUMMARY TABLE OF EVALUATION DESIGN FOR PRE-SCHOOL HANDICAPPED PROGRAM
DEMONSTRATION/DISSEMINATION PROGRAM-OUTCOME VARIABLES

KEY VARIABLES	TARGET GROUP	PROCEDURES AND INSTRUMENTS	CRITERIA	PROPOSED TIMELINE	PERSON(S) RESPONSIBLE
Number and types of D/D activities conducted	All schools and agencies requesting and/or receiving services thru D/D Program	Documentation using PSHP Contact Report Form and Telephone/Visitation Logs	No more than 5 percent discrepancy between obtained results and specified project objectives	Ongoing record-keeping procedure throughout program year	PSHP staff will conduct data collection; Capla staff will conduct data analysis
Number and types of individuals and/or agencies requesting D/D services	All schools and agencies requesting and/or receiving services thru D/D Program	Documentation using PSHP Contact Report Form and Telephone/Visitation Logs	No more than 5 percent discrepancy between obtained results and specified project objectives	Ongoing record-keeping procedure throughout program year	PSHP staff will conduct data collection; Capla staff will conduct data analysis
Frequency of requests for D/D services	All schools and agencies requesting and/or receiving services thru D/D Program	Documentation using PSHP Contact Report Form and Telephone/Visitation Logs	No more than 5 percent discrepancy between obtained results and specified project objectives	Ongoing record-keeping procedure throughout program year	PSHP staff will conduct data collection; Capla staff will conduct data analysis

FROM: Richard G. Hehr *Richard G. Hehr*

SUBJECT: Family Court Petitions for Handicapped
Children Below the Age of Five

This memorandum is intended to clarify procedures, describe criteria for approval and answer questions concerning Family Court orders for handicapped children below the age of five.

Currently, the Office for Education of Children with Handicapping Conditions is responsible for administering the approval of Family Court orders under section 200.11 of the Commissioner's Regulations pursuant to section 4406 of the Education Law. The following guide outlines the basic steps involved in the process:

GUIDE FOR PETITIONING THE FAMILY COURT FOR TUITION,
TRANSPORTATION AND MAINTENANCE COSTS FOR HANDICAPPED PRESCHOOLERS

1. A new form, HC-23, has been developed that will replace the HC-2 and HC-3 forms currently being used. All information necessary for petitioning the Family Court is included on the new HC-23 form. Copies may be obtained from the Bureau of Special Program Review, State Education Department, Education Building Annex, Room 465, Albany, New York 12234.
2. Using the new form, parents petition the Family Court by filing the petition with the Family Court in their county of residence.
3. Children handicapped because of physical, mental, emotional reasons, having severe speech and language impairments, autism or specific learning disabilities as defined in the Commissioner's Regulations are eligible for tuition, transportation and maintenance costs. A school psychologist and physician must certify the child's handicapping condition on the HC-23 form.

4. The superintendent of the school district in which the child resides should also sign the HC-23 form.
5. A copy of the HC-23 form is sent to the Bureau of Special Program Review, State Education Department, Education Building Annex, Room 465, Albany, New York 12234. (Check with the Family Court in your area to see who should forward the copy.)
6. The State Education Department then conducts an individual review of the program for each child to insure that the program is providing the appropriate services as outlined in an Individualized Education Program.
7. After an appropriate review, a letter of prior approval/disapproval is sent to the Court with copies to the school district, service provider and parent.
8. If the Family Court Judge issues the court order (HC-4), it is then sent to the State Education Department.
9. After receiving the court order, the State Education Department will review the program and upon approval a certificate of approval (HC-5) is sent to the clerk of the Board of Supervisors' with copies to the Family Court, school superintendent, service provider, carrier, etc.
10. The vendors or agency providing services should then contact the County Board of Supervisors for information regarding the process of reimbursement.

SUGGESTIONS TO PREVENT DELAYS

1. File petitions promptly. This can be done before a child is enrolled in order to insure adequate time for processing. Waiting until the child has been attending for several months may unnecessarily delay payment to service providers.
2. Make sure all forms are completely filled out with all the necessary information, otherwise this will delay processing of the petition.
3. Each Family Court may have different procedures and guidelines to follow. Check with the Family Court in your county so that you are aware of these procedures.

Over the past few months there have been numerous requests from parents and programs concerning the criteria used by the State Education Department for approval of Family Court orders and petitions for preschool handicapped children.

In an attempt to insure quality services and programs for young handicapped children, the Office for Education of Children with Handicapping Conditions has established criteria for approval of Family Court orders that will apply to all Family Court orders for handicapped children below the age of five effective September 1, 1979.

CRITERIA FOR PRIOR APPROVAL FOR FAMILY COURT PETITIONS FOR HANDICAPPED CHILDREN BELOW THE AGE OF FIVE

The following procedures must be followed for each handicapped preschool child before prior approval can be recommended to the Family Court Judge by the State Education Department:

Handicapping Condition

Children should be identified by a physician, psychologist and other appropriate professionals certified in the area most relevant to the child's handicapping condition. Wherever possible, it is encouraged that children be reviewed by the local Committee on the Handicapped in the district of residence. Children handicapped because of physical, mental, emotional reasons, having severe speech and language impairments, autism or specific learning disabilities as defined in the Commissioner's Regulations will be eligible.

Date of Birth

Preschool children identified as handicapped are eligible if they are between the ages of birth and five years and are not eligible to attend a public school program because of age. A child is eligible to attend a public school program during a school year if his fifth birthday occurs on or before the first of December of such school year.

Tuition/Transportation/Maintenance Costs

Costs must be specifically intended for the expenses for special education services for the individual handicapped child and must be comparable to local costs for similar services provided to school age handicapped children. Rates will be subject to review by the State Education Department.

Program Requirements

Programs, staffing, certification, class size and services will be reviewed on an individual basis according to the specific needs of the handicapped child identified on the petition. The following minimum requirements are necessary before approval can be granted:

- IEP - An IEP must be developed for each child in a planning conference in accordance with the Commissioner's Regulations, no later than 30 school days after entry into the preschool program. Instructional and remedial services should be provided promptly following the development of the IEP and reviewed periodically.
- Certification - All teachers providing special education services must be certified in the appropriate area(s) of special education.
- Related Services - Must be provided by appropriately certified or licensed specialists (eg. speech therapy by a speech therapist, physical therapy by a physical therapist, etc.) for children who require such services.
- Least Restrictive Environment - Each child should be educated in a setting that is closest to his/her district of residence and with non-handicapped children whenever possible.
- Length of Day - Classroom programs must be available to the child at least a half day (2½ hours), five days per week. Exceptions regarding frequency of attendance will be reviewed on an individual basis upon receipt of supporting information from the local Committee on the Handicapped or the physician, psychologist, parents and appropriate specialists. The frequency of contacts and related services should be specified on the child's IEP based upon the individual needs of the child.

-Home-Based Infant (birth to 2) Programs - Special education services must be offered a minimum of two contact hours per week. Related services should be provided in addition to the minimum. The frequency of contacts and related services should be specified on the child's IEP based upon the individual needs of the child.

Additional Recommendations

General information concerning curricula, staff/pupil ratio, parent involvement and support staff should be readily available. The local Committee on the Handicapped in the district of residence should be notified of each child (0-5) identified. Programs are encouraged to have the local Committee on the Handicapped review each child's placement. Programs must follow the immunization guidelines set up by the New York State Department of Health (see IMMUNIZATION: A HANDBOOK FOR SCHOOLS 1978-1979 available from Division of School Health and Pupil Services, State Education Department). Programs must follow health and safety requirements established by the State Education Department.

The process of petitioning the Family Court is often time consuming and confusing. In an attempt to clarify some of the confusion that is inherent in the process, the following Questions and Answers have been developed which reflect questions most frequently asked by parents and professionals:

QUESTIONS AND ANSWERS CONCERNING FAMILY COURT PETITIONS FOR HANDICAPPED CHILDREN BELOW THE AGE OF FIVE

- Q. What is the purpose of the Family Court Act (Section 236) regarding young handicapped children?
- A. This section of the Family Court Act is designed to provide payment for tuition, transportation and/or maintenance costs for handicapped children who are not old enough to attend public school programs.
- Q. What is the basic process for petitioning the Family Court?
- A. First, parents file a written petition HC-23 with the Family Court requesting that the Court issue an order requiring that special education services be provided for the child. If the Judge issues an order it is forwarded to the State Education Department. If approved by the State Education Department, a certificate of approval for State Aid (HC-5) is issued and vendors may bill the child's county of residence which in turn bills the State of New York for 50% reimbursement.
- Q. Who may petition the Family Court?
- A. Parents or legal guardians may petition the Family Court by filing a petition with the Family Court in their county of residence.
- Q. What types of public funding can be requested through the Family Court and for what types of services?
- A. Tuition (including related services), transportation and maintenance costs for special education services.

Q. Do parents have to pay any part of educational and related services needed for their handicapped preschooler?

No, they should petition for the actual costs of special education and related services through the Family Court for children below the age of five.

Q. What is the school district's responsibility?

A. The school superintendent signs the HC-23 form recommending approval of the petition. This should be forwarded to the Family Court.

Q. Who determines whether a child is handicapped?

A. A physician and school psychologist must verify the child's handicapping condition on the petition.

Q. How does the State Education Department review Family Court petitions?

A. A review of the petition is conducted to determine the child's eligibility as a handicapped child below the age of five. The program is then reviewed to insure that appropriate services are being provided as outlined in an Individualized Education Program. After appropriate review of a petition or order, a letter of approval/disapproval is sent to the Family Court with copies to the school district, program and parents.

Q. How is the service provider paid?

A. The service provider is paid by the county upon completion of all required forms. Check with the County Board of Supervisors for information regarding the process of reimbursement.

Q. What happens if a Family Court Judge does not approve a petition?

A. The parents and/or representative of the program should request from the Family Court the reasons for not approving the petition. Often forms are not filled out properly, information has not been received by the Family Court, or forms are not complete. Parents should work closely with the Family Court to insure that all necessary information has been submitted. If a judge issues an order dismissing the petition, this order may then be appealed to the Appellate Division of State Supreme Court.

Q. What happens if a Family Court Judge issues an order and then the State Education Department disapproves reimbursement of 50 percent of the costs?

A. The county would be responsible for 100 percent of the ordered costs.

If you have any questions or difficulties with the Family Court process, contact the Early Childhood Direction Center nearest you or the Bureau of Program Development at (518) 474-2251.

HISTORY:

Sub (c), repealed, L 1976, ch 853, § 5, eff July 1, 1976.

NOTE:

[1976] Subdivision c of Section two hundred and thirty-five of the family court act is obsolete.

CASE NOTES

Parents of handicapped child may, not constitutionally be required to contribute to costs of tuition of such child in private educational setting, but may constitutionally be required to pay or contribute to maintenance of child in residential setting. Re *Legel* (1974) 78 Misc 2d 394, 356 NYS2d 775.

Whether placement of child is sought as person in need of supervision or on voluntary basis, inquiry should be made by Commissioner of Social Services as to parent's ability to contribute to cost of maintenance of her child by state. Re *J.* (1977) 90 Misc 2d 892, 396 NYS2d 772.

§ 236. Powers of the family court with regard to certain handicapped children

1. This section shall apply to (a) handicapped children as defined in subdivision one of section forty-four hundred one of the education law who are not eligible for educational services pursuant to article seventy-three, eighty-five, eighty-seven, eighty-eight or eighty-nine of the education law and to (b) handicapped children meeting all the criteria of subdivision one of section forty-four hundred one of the education law except, that such children are under the age of five and are not entitled to attend public schools without the payment of tuition pursuant to section thirty-two hundred two of the education law and that such children are also not eligible for educational services pursuant to article seventy-three, eighty-five, eighty-seven, eighty-eight or eighty-nine of the education law.

2. Whenever such a child within the jurisdiction of the court pursuant to this section appears to the court to be in need of special educational services, including transportation, tuition or maintenance, a suitable order may be made for the education of such child in its home, a hospital, or other suitable institution, and the expenses thereof, when approved by the court and duly audited, shall be a charge upon the county or the city of New York thereof wherein the child is domiciled at the time application is made to the court for such order.

CASE NOTES

Statutes providing a clear and detailed administrative procedure for obtaining special education ser-

vices for handicapped children must be followed before the assistance of a court may be invoked.

and then only through a proceeding brought, not in Family Court, but in Supreme Court pursuant to Article 78. *Re Pavone* (1976) 88 Misc 2d 675, 389 NYS2d 249.

Preschool age handicapped children were entitled to costs of tuition and transportation to private school without parental contribution. *Re F.* (1977) 91 Misc 2d 445, 398 NYS2d 125.

Where family court, on hearing a neglect petition, ordered students to attend public school programs for the educable mentally retarded, proper course for parents objecting to this classification was to request an evaluation by the school district authorities, and if the evaluation indicated that the placement should be modified, the parties or social services officer should request a modification of the family court order. *Re D.* Op Comr Ed #9574.

Support for the conclusion that the Family Court lacks the statutory authority to require parents to contribute toward the summer maintenance costs of residentially placed handicapped children (Family Ct Act, § 236) and that the Legislature never intended to require such parental contribution is found in the Federal regulations under the Education of the Handicapped Act of 1975 (US Code, tit 20, § 1401 *et seq.*) which provide that special educational services provided for residentially placed handicapped children "must be at no cost to the parents". The State statutes providing for the education of handicapped children have been specifically developed to satisfy the eligibility requirements of the Federal law since failure by the State to comply with Federal regulations can preclude New York from receiving Federal funding for the education of handicapped children. *Re K.* (1977) 92 Misc 2d 681, 400 NYS2d 289.

Family Court does not have jurisdiction to issue orders for the handicapped children over the age of five who are in need of special services for the

regular 10-month school year since such responsibility now falls upon the local school district and the State. Family Court jurisdiction is limited to issuance of orders for the education of such children for the summer months of July and August. *Re K.* (1977) 92 Misc 2d 681, 400 NYS2d 289.

The Family Court, in issuing an order directing a municipality to pay the transportation, tuition and maintenance costs for handicapped children placed in a residential school for the summer months of July and August (Family Ct Act, § 236), has no statutory authority to inquire into the financial status of the parents to determine if the parents can pay or contribute towards maintenance costs during the summer months. The financial responsibility for special educational services is apportioned between the State and the county or city (Education Law, § 4405, subd 1, pars a, b; § 4406). Nowhere in the statutory scheme is there provision for making the maintenance cost a charge upon the parents. If contribution by the parents towards maintenance of handicapped children was intended by the Legislature, provision for it could have been included in Section 236 of the Family Court Act as it was clearly provided for in sections 232 and 234 which explicitly provide for consideration of the parent's financial status and ability to contribute towards the cost of medical services for handicapped children and towards the maintenance of a child placed in accordance with the rules of the State Board of Social Welfare. The absence of any such provision in either the Education Law or the Family Court Act mandates the conclusion that contribution was not to be exacted from parents of handicapped children in residential placement, whether the placement is for the normal 10-month school year or for a full 12 months. *Re K.* (1977) 92 Misc 2d 681, 400 NYS2d 289.
